# Developing Visión Salinas Guiding Principles

An important accomplishment in the Visión Salinas process thus far was the development of an Overarching Core Value and Guiding Principles. The Overarching Core Value for Salinas is meant to speak to the values of inclusivity, diversity, and civic engagement that Salinas takes pride in – it is a general value statement that is woven into each Guiding Principle. The Guiding Principles are topic based principles that will guide each policy and action item in the General Plan.

The development of the Guiding Principles started with reviewing public feedback and comment from a wide variety of critical planning programs and efforts citywide (see insert).

From this feedback, the Guiding Principles were drafted and circulated among staff and stakeholder groups and were released to the community in May of 2018. Between May and August of 2018, the community vetted and contributed to the conversation of the Guiding Principles.

## PLANNING INPUT
