

No.	Description
1	Existing concrete masonry exterior wall (No Change)
2	Existing storefront entry door to remain (No Change)
3	Existing storefront glazing to remain (No Change)
4	---- NOT USED ----
5	Existing steps to be filled-in with concrete - Refer to Structural Drawing for detailed requirements
6	Existing interior door to remain (No Change)
7	Existing interior door on pull-side of door as exit only (No hardware on pull-side of door)
8	Existing multi-condition restrooms with new fixtures - Refer to Plumbing Drawings for detailed requirements
9	Existing exterior door to be permanently locked
10	---- NOT USED ----
11	New movable seating / Refer to spacing requirements this sheet
12	Occupancy capacity sign stating "MAXIMUM BUILDING OCCUPANCY 1343"
13	Occupancy capacity sign stating "MAXIMUM OCCUPANCY THIS ROOM 938"
14	Fire Department approved Key Box. (See General Notes / Sheet TS1)
15	Existing CMU wall and plaster to be removed - Refer to Structural Drawings / Match existing
16	New interior door (Solid Core) / Match existing - Refer to Door Schedule, Sheet A301
17	New HV/lov wall mounted drinking fountains - Refer to Plumbing Drawings
18	Existing exterior hollow metal door to remain (No Change)
19	New sign over door w/1" high letters stating "THIS DOOR TO REACH UNLOCKED WHENEVER THE BUILDING IS OCCUPIED" - mount 6" x 6" Source International Symbol of Accessibility at primary entrance
20	New interior door (Solid Core) / Match existing - mount 6" x 6" Source International Symbol of Accessibility at primary entrance
21	New base & upper cabinet - Refer to detail 5/A301
22	New Base Cabinet & Counter - Refer to detail 6/A301
23	New Single Accommodation rest room - Refer to enlarged plan on sheet A102
24	Existing stairs to 2nd floor storage mezzanine - No Change
25	New ramp to Platform 1:12 max slope w/handrails each side - Refer to details on Sheets DA2 & SA02
26	New stairs to side of stores / Refer to details on Sheets DA2 & SA02 w/handrails each side of stores / Refer to details on Sheets DA2 & SA02
27	New single handle, each slide of rooms DA2 & DA3 - Refer to detail 6/A301
28	Provide handles, each slide of rooms DA2 & DA3 - No Change
29	Provide handles, each slide of rooms DA2 & DA3 - Refer to detail 6/A301
30	New 6'-4" wide x 7'-2" High opening in existing CMU wall - New 3'-4" wide x 7'-2" High opening in existing CMU wall
31	New 6'-4" wide x 7'-2" High opening in existing CMU wall - Refer to detail B/S401
32	New stairs to sound/lighting booth / 7" Risers (Max) & 11" Treads (Min) w/handrail on one side of stairs / Refer to details on Sheets DA2 & SA02
33	Existing hollow metal door to be removed & re-installed at interior finished floor elevation - Cut existing wall and provide new opening so that door may be - Refer to detail 7/A302
34	Existing hollow metal door to be removed & re-installed at interior finished floor elevation - Cut existing wall and provide new opening so that door may be - Door to be welded shut from inside - Refer to detail 15/A302
35	TENANTS OPTIONAL: - Provide 2x8 ceiling joists @ 24" o.c. W/5/8" gypsum board ceiling - Sheet stud cut in the shortest possible direction - Finished ceiling height to be determined - Refer to detail 8/S401

LEGEND
