1000.30.3462-56.3130	<b>NEW</b>	Miscellaneous Planning Fees	CEQA - Initial Study						Current Planning fees as published can be interpreted to only charge for CEQA studies that result in a negative declaration. Staff recommends adding this fee to clarify that the City also recover costs for CEQA initial studies, where results require either a negative declaration/mitigated negative declaration or an environmental impact review (EIR). An additional CEQA negative declaration, mitigated negative declaration, or environmental impact report fee will be assessed based on the results of the initial study. This covers costs in the case a developer does not move forward with a project or the project is delayed based on the initial study findings.
