If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO Form CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.
2. **Automobile Liability**: ISO Form CA 0001 covering Code 1 (any auto), with limits no less than **\$1,000,000** per accident for bodily injury and property damage.

If the Contractor maintains broader coverage and/or higher limits than the minimums shown above, the Contractor requires and shall be entitled to the broader coverage and/or higher limits maintained by the Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

Self-Insured Retentions

Self-insured retentions must be declared to and approved by the City. At the option of the City, either: the Contractor shall cause the insurer shall to reduce or eliminate such self-insured retentions as respects the City, its officers, officials, employees, and volunteers; or the Contractor shall provide a financial guarantee satisfactory to the City guaranteeing payment of losses and related investigations, claim administration, and defense expenses. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or City.

Other Insurance Provisions

The insurance policies are to contain, or be endorsed to contain, the following provisions:

1. **The City, its officers, officials, employees, and volunteers are to be covered as additional insureds** on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts, or equipment furnished in connection with such work or operations and automobiles owned, leased, hired, or borrowed by

or on behalf of the Contractor. General liability coverage can be provided in the form of an endorsement to the Contractor's insurance (at least as broad as ISO Form CG 20 10, CG 11 85 or **both** CG 20 10, CG 20 26, CG 20 33, or CG 20 38; **and** CG 20 37 forms if later revisions used).

2. For any claims related to this project, the **Contractor's insurance coverage shall be primary** insurance coverage at least as broad as ISO CG 20 01 04 13 as respects the City, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the City, its officers, officials, employees, or volunteers shall be excess of the Contractor's insurance and shall not contribute with it.

3. Each insurance policy required by this clause shall provide that coverage shall not be canceled, except with notice to the City.

4. A copy of the claims reporting requirements must be submitted by Contractor to the City.

5. If the services involve lead-based paint or asbestos identification/remediation, the Contractor's Pollution Liability policy shall not contain lead-based paint or asbestos exclusions. If the services involve mold identification/remediation, the Contractor's Pollution Liability policy shall not contain a mold exclusion, and the definition of Pollution shall include microbial matter, including mold.

Acceptability of Insurers

Insurance is to be placed with insurers authorized to conduct business in the state with a current A.M. Best rating of no less than A: VII, unless otherwise acceptable to the City.

Waiver of Subrogation

Contractor hereby agrees to waive rights of subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation. The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

Verification of Coverage

Contractor shall furnish the City with original Certificates of Insurance including an additional insured endorsement and all required amendatory endorsements (or copies of the applicable policy language effecting coverage required by this clause) and a copy of the Declarations and Endorsement Page of the CGL policy listing all policy endorsements to City before work begins. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, including endorsements, required by these specifications, at any time.

Subcontractors

Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that City is an additional insured on insurance required from subcontractors. For CGL coverage subcontractors shall provide coverage with a form at least as broad as CG 20 38 04 13.

Maintenance of Insurance

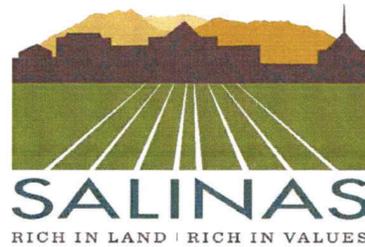

Maintenance of insurance by Contractor as specified shall in no way be interpreted as relieving

Contractor of its indemnification obligations or any responsibility whatsoever and the Contractor may carry, at its own expense, such additional insurance as it deems necessary.

Special Risks or Circumstances

City reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

Proposals due by email to the City of Salinas as directed below September 25th, 2025

Purpose

Based on these specifications, and possible visit to the property, the City of Salinas is seeking an informal bid and proposal from 3-5 potential vendors to clean the interiors, secure and stabilize the properties at 37-39 Soledad Street located in its Chinatown, north of Downtown Salinas.

Background

On one parcel, there exist two buildings built in the 1940's: 37 Soledad "Republic Café" and 39 Soledad Street "Mi Cantina." The Republic Café is registered as a historical building on the State Parks NRHP, but the Mi Cantina is not. The asbestos and lead-based paint that was in 37 Soledad Street has been removed. No remediation work has occurred at 39 Soledad Street. There are no utilities available in the buildings. It is the City's intention to secure and preserve both buildings until such a time as they can be fully restored.

The buildings caught fire in 2022. The City acquired the property in December 2024. The previous owner made little effort to secure the building except after a fire, by installing a chain link fence in front which has lost its integrity overtime. An inspection occurred Wednesday August 13th, 2025, confirming that the fire was limited to the front of the building, starting at 39 Soledad Street and spreading to 37 Soledad Street, and damaging a portion of the roof. A structural engineer participated in the inspection and confirmed the integrity of the poured-in-place concrete structure and its foundations. Historical preservation experts also toured the buildings. These two reports are forthcoming.

The inspection confirmed that recently someone had been living in 37 Soledad, (not certain if they have returned or not), accessing the second story from the back ally to gain entrance through an unsecured window. Pigeons and rodents were seen in the building as well. Please refer to the attached photos taken August 13th, 2025.

Scope

Complete the tasks as follows:

- A. Test 39 Soledad Street for hazardous building materials (paint and asbestos)
- B. Remove all debris from the interior of both buildings, and any friable hazardous materials, other loose building materials (collapsed and burned building

material), trash, mattresses, etc., Clean all surfaces to remove dust, smoke, peeling paint, animal feces, etc. Clean furniture.

- C. Secure the building from entry by people and animals (cats, dogs, pigeons, rodents, etc.). All windows and doors need to be closed and secured. Roofing material loosened by the fire is required to be secured to prevent it from falling onto the public right-of-way. Unbroken red clay tiles that are removed must be salvaged and stored. Each building will have access by lock (and chain) from Soledad Street (separate access to the second floors if necessary).
- D. Stabilize the buildings with temporary shoring of fire damaged floor and roof framing, at the front of both buildings, as required to provide safe access at all floors and roof levels.
- E. Protect buildings from further damage caused by weather by tarping the roof where it is exposed to fire, sealing all openings to include windows, doors and open light wells.

Every effort will be made to secure the building before the winter weather season.

This scope is currently not intended for the buildings to undergo complete restoration.

Before the proposals are due, the City will host a mandatory one-hour inspection of the buildings at 37-39 Soledad Street, Salinas CA 93901 on September 11, 2025, at 9 AM. Participants must be prepared for adverse conditions. Questions are welcome until 5 PM, September 18, 2025, to either Don Reynolds at don.reynolds@kimley-horn.com or Grant Leonard at grantl@ci.salinas.ca.us.

After inspection, a plan and cost to further stabilize the building will be agreed upon by the City and contractor.

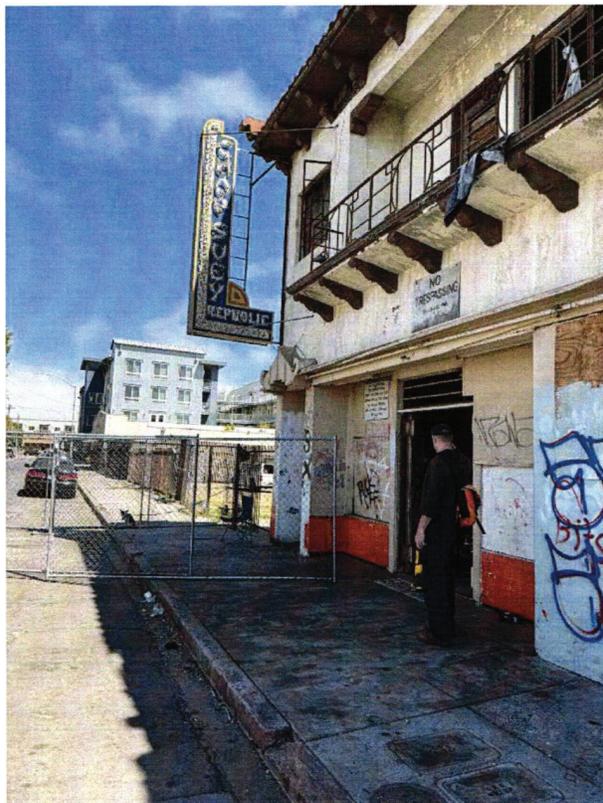

Submittal

Please submit two proposals: a proposal to clean up and secure the buildings, and a draft price to stabilize the buildings. After a detailed final scope for stabilization is agreed upon, the draft second proposal and cost estimate will be updated if needed.

Submit proposals by email only, Friday, September 25, 2025 5 PM to Salinas Planning Manager Grant Leonard by Email @ grantl@ci.salinas.ca.us
