*Received a presentation from Associate Planner, Bobby Latino, regarding the UniKool Partners, Applicant and Property Owner, requests a 36-month extension to Tentative Map*

2022-001 to extend the expiration date from June 11, 2026 to June 11, 2029. Tentative Map 2022-001 was approved by City Council on June 11, 2024, which reconfigures fourteen (14) lots into nine (9) lots in connection with a proposed mixed use development project. The time extension is requested to allow additional time to process civil drawings submitted for on- and off-site infrastructure improvements and a building application for the construction of the hotel which cannot be issued prior to Final map recordation. More time is also needed to undertake additional testing required for compliance with mitigations measures identified in the adopted Initial Study Mitigated Negative Declaration (ISMND) and Mitigation Monitoring and Reporting Program (MMRP). Pursuant to Municipal Code Section 31-401.11, extensions to approved tentative maps require a recommendation from the Planning Commission and final determination by the City Council. Report filed with the Commission Secretary as the record.

**Upon motion by Commissioner Gutierrez, seconded by Commissioner Purnell, a motion to approve a resolution finding the project consistent with the Initial Study Mitigated Negative Declaration adopted by the City Council on June 11, 2024, affirming the findings, and recommending City Council approve a 36-month time extension to Tentative Map 2022-001, was approved.
