## Budget Overview

### Honorable Mayor and City Council of the City of Salinas:

I am pleased to present the Proposed Fiscal Year (FY) 2025/26 - 2030/31 Six-Year Capital Improvement Program (CIP) for the City of Salinas. The CIP details the capital investments required to maintain the City's infrastructure, consistent with the needs of our community and City Council's Strategic Goals of Economic Development, Housing, Infrastructure, City Services, Public Safety, and Youth and Seniors.

Given the significant costs associated with capital investments and timing to complete larger projects, the CIP is a multi-year document, updated annually. Although this year's investment for FY 2025/26 is proposed at \$29.4 million, there are significant, ongoing CIP projects previously approved, including projects under the American Rescue Plan Act (ARPA), that continue to move forward. Some of the larger investments in this year's allocation include streets and sidewalks totaling \$14.2 million, \$6.1 million on safe routes to school improvements at two locations, and an additional \$2.9 million for Boronda Road Congestion Relief project.

Guided by the City Council 2025 Strategic Plan, community outreach, and the General Plan, this CIP continues targeted investments to maintain and rehabilitate a wide array of public infrastructure to improve system reliability, enhance recreational experiences, advance public safety, and, in general, ensure Salinas remains well positioned for economic growth and opportunity.

The City of Salinas defines a capital asset as having: 1) a desired minimum dollar amount of \$10,000; and 2) an estimated useful life of five years or more. Capital assets include land, buildings, land and building improvements, equipment, and infrastructure assets (e.g., streets, sidewalks, traffic signals, vehicles, and similar items). Although staff attempts to adhere to the definition of a capital asset, some items do not meet the definition but have been included, due to their uniqueness, such as special funding, timing, and multi-year nature.

The proposed CIP budget addresses many immediate needs during FY 2025/26 by using \$1.0 million of resources from Measure E, the City's voter-approved transactions and use tax. In order to meet the City's needs, it is imperative that the City continue to develop strategies to allocate limited financial resources for capital projects. The CIP is adopted annually by City Council to authorize and appropriate funding for specific projects within the first year of the six-year plan. Projects and financing sources listed in the CIP for years two through six (commonly called the "out years") are not authorized until the annual budget for those years is adopted by City Council. The "out years" serve only as a guide for future planning and are subject to further review and modification in subsequent years by Council.

Annually, the City council adopts a six-year CIP to provide a standard by which to:

- prioritize the needs of the City based on the Strategic Plan;
- match, as appropriate, available funding to various needs;
- plan to meet the City's capital needs over an extended period, as funding becomes available; and
- establish a strategy to secure funding for priority projects.

## Capital Improvement Program Budget Overview

The CIP is organized as follows:

- Letter of Transmittal;
- CIP Summary by Category;
- CIP Summary by Department;
- CIP Summary by Fund;
- CIP Sections by category, including a detailed budget for each capital project; and
- CIP Index.

Potential investments totaling \$129.6 million are identified for the six-year period from July 1, 2025 to June 30, 2031. These investments range from deferred maintenance needs of existing roads and sidewalks (to be funded with SB 1 and Measure X bonds) to various improvements at the Airport. Each of the six years in the CIP reflects critical investments. FY 2025/26 CIP is balanced to forecasted revenues, ensuring adequate funding for the projects.

### City Council Goals and Objectives

The City Council 2025 Strategic Plan was considered when determining which CIPs to propose and fund, and all projects in the CIP fulfill one or more of the strategic goals. The CIP includes projects that specifically address certain objectives, including funding and planning for the Annual Street Preventative Maintenance Program, sidewalk repairs, pedestrian safety, traffic signal installation and improvements, and City facility updates.

### Fiscal Year 2025/26

Funding Sources	FY 2025/26	FY 2026/27	FY 2027/28	FY 2028/29	FY 2029/30	FY 2030/31	Total
Measure E	\$ 1,000,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 1,000,000
Assessment & Maintenance Districts	631,000	591,000	591,000	591,000	591,000	591,000	3,586,000
Development Impact Fees	871,200	1,225,200	1,726,200	1,726,200	1,426,200	636,200	7,611,200
Gas Tax	4,061,000	2,261,000	2,511,000	2,011,000	2,011,000	1,711,000	14,566,000
Measure X Transportation & Safety	10,150,000	5,835,410	6,698,000	6,253,000	6,003,000	4,108,000	39,047,410
SB1 Road Maintenance & Rehab	6,300,000	4,300,000	4,200,000	4,200,000	4,200,000	4,200,000	27,400,000
Special Construction Assistance	5,739,097	6,582,690	13,754,000	7,700,000	-	-	33,775,787
Enterprise Funds	599,000	414,000	404,000	404,000	389,000	389,000	2,599,000
<b>Total</b>	<b>\$29,351,297</b>	<b>\$21,209,300</b>	<b>\$29,884,200</b>	<b>\$22,885,200</b>	<b>\$14,620,200</b>	<b>\$11,635,200</b>	<b>\$129,585,397</b>

The chart below breaks down the CIP for FY 2025/26 by program funding source and corresponding percentage of total funding.

The proposed FY 2025/26 CIP is \$29.4 million. Measure E funding continues to allow the City to make considerable investments in capital improvement projects. Proposed FY 2025/26 Measure E Fund projects total \$1.0 million. The five projects include the Cesar Chavez Park Dry Basin System Repair, Public Works Yard Improvements, EV Charging Infrastructure and City Facilities, Fire Stations Repairs, and Monterey Street Garage Improvements.

## Capital Improvement Program Budget Overview

The balance of the budget (\$28.4 million) is funded by assessment districts, development fees, gas taxes, Measure X Transportation, Safety, and Investment (Measure X), SB 1 Road Maintenance and Rehabilitation (SB 1), special construction assistance grants, and City enterprise funds, all of which require those revenues to be used for the specific purposes listed in the Proposed CIP. For instance, the \$6.3 million in the SB 1 Road Maintenance & Rehabilitation projects may only be used for maintaining local roads and streets, and the \$4.1 million in Gas Tax projects may only be used for street-related projects. The chart below breaks down the CIP for FY 2025/26 by program funding source and corresponding percentage of total funding.

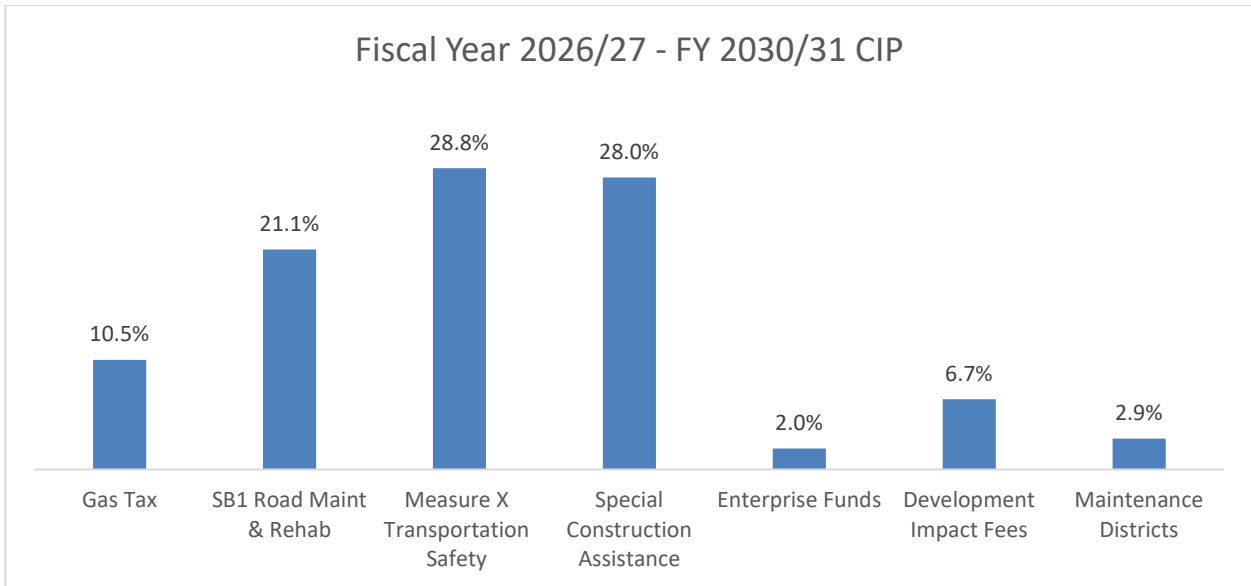

### Future Investments Needs

FY 2026/27 through 2030/31 planned projects total \$100.2 million. Given the current economic and fiscal condition, it will be necessary to limit any general funds budget savings (carry over) for capital projects that cannot be deferred. Measures E and G funding also address many community needs.

The chart below breaks down the CIP for FY 2026/27 – 2030/31 by program funding source and corresponding percentage of total funding.

## Capital Improvement Program Budget Overview

### Restricted Funds

A combination of various resources is included in the Proposed FY 2025/26 CIP for the rehabilitation and development of infrastructure and street systems repair and improvements. Restricted funds for which uses are limited include those allocated or collected for/from enterprise operations, assessment and maintenance districts, Community Development Block Grants, development impact fees, local gasoline excise taxes, Measure X, SB 1, and Special Construction Assistance/Federal Aviation Administration grants. Examples of programs and projects funded, in whole or in part, from restricted funds include airport improvements, Boronda Road congestion relief, safe routes to school grants, various assessment district improvements, permit system and technology upgrades, pedestrian safety enhancements, and silt removal/storm channel repairs.

In November 2016, County taxpayers approved Measure X, a transactions and use tax of three-eighths of one percent ( $3/8\%$ ), for a period of thirty years, which is to be used to improve safety on local roads and highways; repair potholes; maintain streets and roads; reduce traffic congestion; improve transportation for seniors, young people, and people with disabilities; and making walking and biking safer.

Tax revenues will be allocated with sixty percent (60%) of funds dedicated to local road maintenance, pothole repairs and safety projects, and forty percent (40%) of funds dedicated to regional safety and mobility projects. The Transportation Agency for Monterey County (TAMC) and a Citizen Oversight Committee were established in addition to requiring annual independent audits. The proposed Capital Improvement Budget includes \$10.2 million (from Measure X) in qualified projects which include, among others, traffic calming improvements, sidewalk and drainage repairs, bridge maintenance, street improvements and repairs, school safety enhancements, and streetlight installations. The CIP reflects \$39.0 million of Measure X projects over the six-year budget plan.

On March 29, 2017, Governor Jerry Brown announced a transportation funding agreement, known as SB 1 Road Maintenance and Rehabilitation. This ambitious plan will provide \$5.2

## Capital Improvement Program Budget Overview

---

billion annually for California's transportation infrastructure. The plan will be funded by several tax increases which include a twelve-cent/per gallon increase to the gasoline excise tax, twenty-cent/per gallon increase to the diesel excise tax, an additional vehicle registration tax called the "Transportation Improvement Fee" with rates based on the value of the motor vehicle, and \$100-dollar vehicle registration fee on zero-emission vehicles for models 2020 and later. The City estimates it will receive approximately \$4.3 million during FY 2025/26 from this tax. The proposed CIP budget includes four projects qualified to be funded by SB 1 funds and are striping and signing improvements, annual pavement and sidewalk maintenance, Boronda Road congestion relief, and street preventative maintenance.

Gas tax revenues represent a major funding source of capital improvement projects and are slightly higher than in previous years. Projects funded by gas tax funds in the proposed CIP budget total \$4.1 million.

### Capital Improvement Projects

Each year, the City does both a major street and sidewalk project. The street project is based on the City's Street Selection Policy and the pavement condition index provided by the City's pavement management system. A five-year project list was developed with an estimated \$6.0 million going toward street maintenance. The sidewalk program is developed with an estimated \$1.5 million budget. Meeting the requirements of the Americans with Disability Act (ADA) is a factor in selecting sidewalks, curbs, and ramps for repair.

Below is a list of projects completed during FY 2024/25.

- Pedestrian Hybrid Beacon on Williams Road – Installation of a hybrid flashing beacon on Williams Road for pedestrians crossing to and from Alisal High School and Alisal Community School.
- Alisal Greening and Beautification Improvements – Improvements on Alisal Street between King Street and Skyway Boulevard including sidewalk repair, street tree installation, drought tolerant shrub planting, mulch installation, banner installation, wayfinding signage, trash and recycling receptacle installation, and restoration of existing benches.
- Industrial Waste Treatment Facility Sediment Removal Project – Removal of sediment deposited in the percolation ponds during the 2023 winter storms.
- 2024 Pavement Improvements – Pavement replacement and repairs throughout the City.
- Playground Improvements – Replacement of playground equipment at Northgate and Williams Ranch Neighborhood parks.
- Cesar Chavez Soccer Field – Installation of an artificial turf soccer field at Cesar Chavez Park.
- Cesar Chavez Pedestrian Path – Replacement and extension of the pedestrian path at Cesar Chavez Park.

## Capital Improvement Program Budget Overview

---

Below is a list of projects started in FY 2024/25.

- Phase 1 Boronda Traffic Congestion Relief Project – Widening of Boronda Road between Dartmouth Way and Burgundy Way, and installation of a round-about at Boronda and McKinnon.
- Closter Park Improvement Project – Renovations of a restroom and concession stand; installation of a new restroom; installation of skate area; repairs to chain link fences and baseball backstops; addition of plantings, dugouts, batting cages, and several ADA and safety elements; and additional repairs and refurbishing.
- North Main Street and Lamar Street Pedestrian Improvements Project – Installation of overhead signs and flashing beacons at the intersection of North Main and Lamar.
- Salinas Project to Enhance Regional Stormwater Supply – Installation of pumps and piping to allow the transfer of stormwater to the Industrial Wastewater Treatment Facility (IWTF) and electrical upgrades.

Below is a list of projects proposed for FY 2025/26 (including the use of carryover funds and new project additions as identified through Council Priorities).

- 2025 Pavement Improvements throughout the City
- 2025 Sidewalk Improvement throughout the City
- San Juan Grade Road Sidewalk and Streetlights – Installation of sidewalks and streetlights along San Juan Grade Road from Northridge Way to Van Buren Avenue
- Hebbbron Family Center – New facility at the Hebbbron Family Center
- Abbot Street
- Boronda Road Congestion
- Traffic Calming

## Capital Improvement Program Budget Overview

The chart below identifies the fund balance, current ongoing projects, revenue/debt, proposed projects, additional CIP investments, and unassigned ending fund balance.

	Gas Tax	Measure X	SB1	Total
Preliminary Fund Balance at June 30, 2025	\$ 8,903,998	\$ 18,268,645	\$ 11,044,819	\$ 38,217,462
<b>Current Ongoing Projects</b>

<b>Programmed in CIP</b>	<b>\$ (10,377,374)</b>	<b>\$ (19,919,962)</b>	<b>\$ (14,219,060)</b>	<b>\$ (44,516,396)</b>
<b>Unassigned Fund Balance</b>	<b>\$ 977,024</b>	<b>\$ 2,030,283</b>	<b>\$ 1,212,759</b>	<b>\$ 4,220,066</b>

## American Rescue Plan Act (ARPA)

As noted above, ARPA CIP projects are ongoing, were previously approved, and in most cases are multi-year projects. While staff has made significant progress expending and appropriating the \$51.5 million provided by the Federal government, the full amount has not expended.

These ARPA projects are at various stages of completion and include City Facility Improvements, Homelessness and Housing, Street/Sidewalk Repair, and Water/Sewer Infrastructure Upgrades. Below is a table summarizing unexpended appropriations as of May 1, 2025 by department project. It should be noted that all construction projects are collaborated with Public Works.

## Capital Improvement Program Budget Overview

---

Department	Encumbered	Unspent / Unencumbered
Community Development	\$ 1,287,582	\$ -
Fire	924,189	-
Public Works	6,657,319	-
Library & Community Services	3,490,784	-
<b>Total</b>	<b>\$ 12,359,874</b>	<b>\$ -</b>

### Capital Project Carryover from Prior Years

Based on Capital Budget approved in prior years, work is underway on several multi-year CIP projects, some of which include: the Alisal Vibrancy Plan, Boronda Rd. Congestion Relief, Sidewalk & Drainage Improvements, Street Preventative Maintenance, Recreation and Library, and Public Safety Upgrades. Below is a table summarizing unspent appropriations as of May 1, 2025 by department projects.

Department	Encumbered	Unspent / Unencumbered
Administration & Finance	\$ -	\$ 458,801
Community Development	1,566,762	8,803,487
Police	7,673	1,166,141
Fire	2,844,706	552,554
Public Works	21,806,586	48,900,892
Library & Community Services	15,125,619	15,873,946
<b>Total</b>	<b>\$ 41,351,347</b>	<b>\$ 75,755,822</b>

### Conclusion

The six-year CIP provides a snapshot of community needs. It is a plan for future projects, and their completion is subject to economic conditions affecting General Fund, Measure E, and Measure G resources, developer resources, grant availability, and State budget actions.

The long-term service and economic development needs of the Salinas community are assessed from the perspective of required capital investments. The multi-year CIP provides an opportunity to do so and will continue to be a priority. Finally, the separate contributions to our CIP effort, through ARPA funding and prior-year budget CIP projects, continue to add to the significant local CIP effort.

Sincerely,

*René Mendez*

René Mendez, City Manager

**Completion Date** On Going **Council District** City-Wide

#### Description

This program creates the ability to capitalize on current technologies along with the upgrading and maintenance of hardware, software services (i.e., QLess, OAS, Projectdax and virtual inspections), and system performance to provide a higher level of customer service. Acquiring new software services, hardware and technology implementation allows for better methods to process and manage permits issued by various city departments. Includes other professional services, for live training, written guides, and videos geared towards both staff and the community, plus 25% regular pay for the Permit Center Coordinator dedicated to TRAKIT, staff training, and web page management.

#### Justification

Improvements to the TRAKIT system, QLess, OAS, Projectdax and virtual inspections are essential for improved customer service and staff efficiencies. This is an appropriate use of the 5% technology fee collected for each building permit.

<b>Type</b>	Improvement	<b>Category</b>	Downtown Parking
<b>Priority</b>	2 Medium/Important	<b>Start Date</b>	07/01/06
<b>Completion Date</b>	On Going	<b>Council District</b>	City-Wide

### Description

Upgrade to parking payment equipment and camera security system for the Monterey Street Parking Garage and repainting parking stalls and signage.

### Justification

Equipment is currently not in service. The equipment is outdated and cannot handle updates meaning parking vouchers must be paid at the window instead of at a machine or at the gate when leaving. Due to cost, we cannot add additional staff from LAZ to cover all hours needed in the evenings or when special events arise which have caused some concerns with people retrieving their vehicles in those scenarios. If equipment was upgraded to handle electronic payments, the outcome will create various benefits such as easier access to pay vouchers, payment efficiency for patrons using the garage, shorter wait time to pay tickets at the window or at the gate upon exiting, labor cost savings on the current contract with LAZ allowing saved funds to be applied elsewhere, and overall citizen satisfaction. Parking spaces are very hard to distinguish creating issues of people double parking or leaving insufficient parking space between vehicles. Repainting parking spots will stop this issue from happening. Addition of signage for safety. Current camera system is outdated and at times nonfunctional and is unreliable for security purposes.

#### Description

Installation of multi-use trail; 10' AC two-way bike trail with 5' wide DG walkway with trail lighting and fencing along E. Alisal (Hartnell College Driveway to Skyway), along Skyway (Alisal to Airport), and Airport Blvd. (Skyway to HWY). Trail into golf course, reclamation ditch, and school area.

#### Justification

City intends to apply for an ATP federal grant.

#### Description

With the utility undergrounding of Williams Road (Bardin to Alisal), the roadway will need to be reconstructed to include underground and road improvements. TFO (#48) will fund median island improvements, which will occur in two phases.

#### Justification

The City has received the Safe Streets for All grant from the federal government. Undergrounding will need to occur before construction identified in the grant can proceed.

#### Description

Safety improvements from E. Alisal St. to Freedom Blvd. Improvements will include lane reduction, new bike lanes and three roundabouts at E. Alisal St., E Market St. and Freedom Blvd.

#### Justification

The City received \$16M from the federal government for the Safe Streets for All grant in December 2023. The grant will fund safety improvements and lane reduction along Williams Road. Funding is set aside for construction. The City will be funding design and state and federal environmental permitting.

<b>Priority</b>	2 Medium/Important	<b>Start Date</b>	07/01/18
<b>Completion Date</b>	On Going	<b>Council District</b>	City-Wide

#### Description

This project provides for the annual replacement of traffic signs, in-pavement signs, markings and other minor improvements at sites throughout the City.

#### Justification

Enables the City to respond to school traffic safety concerns during the year. School Traffic Safety concerns is one category of traffic operations for which the City receives many requests each year. Most concerns are related to traffic congestion during drop off and pick-up hours due to the volume of cars during 2-3 short periods in a day. Staff is able to identify improvements for safety at schools. These improvements include new signing, flashing beacons, striping and other tools that will be funded by this program. School Safety Projects are aligned with the City's Vision Zero Policy.

#### Description

Bikeway Plan adopted by Council in March 2002 calls for the installation of Bike Lane Routes at various locations. Improvements and facilities shall conform with support of said Bikeway Plan and the priorities set therein. The program is used to make improvements to the bicycle network and to leverage local funds to secure grants.

#### Justification

The Salinas General Plan has policies promoting other modes of travel. These improvements respond to sustainability of the transportation system and help address traffic congestion. Provision of bicycle facilities addresses safety concerns of those who travel by bicycle on City streets.

Project #	9372
Project Name	EV Charging Infrastructure at City Facilities

Contact	Jeff Condit	Department	50 - Public Works
Type	Improvement	Category	Facilities Maintenance
Priority	2 Medium/Important	Start Date	07/01/25
Completion Date	On Going	Council District	City-Wide

Description

The project proposes the installation of Electric Vehicle (EV) Charging Infrastructure at City Facilities.

Justification

Under the California Air Resource Board's Advanced Clean Fleets Regulation, starting in 2024, 50% of the City's truck and van purchases must be zero emission vehicles. Starting in 2027, 100% of truck and van purchases must be zero emission vehicles. The State of California has adopted a plan to phase out internal combustion engine (ICE) vehicle sales by 2035 and currently has the highest state rank for electric vehicle adoption. As our fleet and employee vehicles transition to Electric Vehicles, the necessary EV Charging Infrastructure will be put in place. The City is working with Central Coast Community Energy (3CE) on technical assistance to develop a Fleet EV Charging Needs Assessment. 3CE offers rebates up to \$150,000/year toward charging infrastructure.

# Capital Improvement Plan

Salinas, CA

Project #	9541		
Project Name	Fire Stations Repairs		
Contact	Sam Klemek	Department	45 - Fire
Type	Maintenance	Category	Fire
Priority	2 Medium/Important	Start Date	07/01/07
Completion Date	06/30/26	Council District	City-Wide

Description

Project provides for miscellaneous repairs and upgrades of fire stations and grounds and future replacement of roll up apparatus doors (FS 3, 4 and back of 1) and apparatus exhaust extraction systems. Project provides for the repair and replacement of electrical and plumbing fixtures and upgrades that bring fire stations into fire code compliance and prevent further erosion of these assets.

Justification

Aged fire station infrastructure continues to burden budgets with numerous band aid repairs to remain serviceable. Utilizing Fire Station 1 as a case study, the Department has determined that a new door type for the apparatus bay is necessary to preclude consistent and costly repairs. As such, part of the repair money below is to upgrade the door system at Fire Station 4 and the back apparatus bay for FS 1. The remaining requested money will be spent on Station 4 to repair existing windows, doors and paint the internal portion of the station.

Completion Date	06/30/26	Council District	City-Wide

Description

Ongoing expenses related to cost sharing for engineering and other services related to the Industrial Wastewater Collection and Conveyance System. Scope includes seeking new grant funding to augment efforts to capture runoff from South Salinas, conveyance to TP-1 and pumping to Monterey One Water for farming and other recycled water uses.

Justification

Professional services are necessary to provide grant writing, permitting and other efforts. This project supports a cooperative effort between the City and M1W which is funded by a \$10M Prop 1 grant while seeking an equal amount in the next round of funding.

#### Description

Support efforts of the Salinas River Channel Stream Maintenance Program's River Management Unit Association, Inc. The City will become a landowner member of the Association and pay annual dues.

#### Justification

According to the September 4, 2018 MOU, the City agreed to support the Salinas River Channel Stream Maintenance Program as a landowner member affirming the common interest of the sustainable management of riverine lands in the Salinas Valley Groundwater Basin.

## Salinas, CA

Project #	9175
Project Name	Santa Rita Storm Channel

Contact	Heidi Niggemeyer	Department	50 - Public Works
Type	Storm Sewer	Category	Storm Sewer (NPDES)
Priority	2 Medium/Important	Start Date	05/01/19
Completion Date	On Going	Council District	5

### Description

This project provides for the initial planning, design and permitting required for the repair of the storm water channel at Santa Rita Park. The storm water channel has been damaged by erosion due to multiple storm events in recent years. The repair will include the widening of the concrete portion of the channel and a paved access driveway for maintenance vehicles as well as a re-grading of the channel slopes to include hydro seeding. The total reconstruction will include approximately 1,300 linear feet of the channel. Project may include stream restoration components with grant funding.

### Justification

Repairs and periodic maintenance of this stream is necessary for flood control. Initial design and permitting fees are to come from 2301 Development Fees Sewer and Storm. While project implementation funding will likely come from grants and/or FEMA reimbursement.

Capital Improvement Plan  
Salinas, CA

Project #	9735
Project Name	Storm Sewer Infrastructure Improvements

Contact	Heidi Niggemeyer	Department	50 - Public Works
Type	Storm Sewer	Category	Storm Sewer (NPDES)
Priority	2 Medium/Important	Start Date	07/01/98
Completion Date	On Going	Council District	City-Wide

Description

Storm Sewer Line in conjunction with 2004 CDM Storm Sewer Master Plan and other as-needed storm sewer line replacements. Design and install larger inlets at various locations per Priority 2-6 Improvements recommendation from Table 5-1 of the 2004 Storm Sewer Master Plan. Also includes construction of storm main line and storm inlets on E. Laurel Drive from Highway 101 to Main Street.

Justification

This project is funded entirely through the Development Fees Fund for Storm Sewer.

## Capital Improvement Plan

Salinas, CA

Project #	9081
Project Name	Striping and Signing Improvements at City Streets

Contact	Adriana Robles	Department	50 - Public Works
Type	Roadways	Category	Street Maintenance
Priority	1 High/Necessary	Start Date	07/01/18
Completion Date	On Going	Council District	City-Wide

### Description

The striping of City streets has faded as street repair scheduled have been delayed. As a result, street center lines, crosswalks and other pavement markings that help contribute to street safety are in need of updating.

### Justification

Provides funding to update street paving and signs at critical locations. This striping project is for those streets that need safety striping but are not part of pavement improvements. Updating striping and signing supports the City Vision Zero Policy.

Salinas, CA

**Project #** 9438  
**Project Name** Annual Pavement And Sidewalk Maintenance

**Contact** Marcos Quintero  
**Type** Maintenance  
**Priority** 1 High/Necessary  
**Completion Date** On Going

**Department** 50 - Public Works  
**Category** Street Maintenance  
**Start Date** 07/01/95  
**Council District** City-Wide

### Description

The City has an ongoing pavement maintenance program to reseal City streets. The resurfacing of streets prolongs the life of the streets by decreasing deterioration. Maintenance staff will patch/repair and crack seal streets and repair sidewalks.

### Justification

Maintenance provides patch and repair and sidewalk repairs throughout the City.

Project #	9618
Project Name	ADA Transition Plan & Curb Ramps-City Wide

Contact	Adriana Robles	Department	50 - Public Works
Type	Improvement	Category	Street Maintenance
Priority	1 High/Necessary	Start Date	07/01/10
Completion Date	On Going	Council District	City-Wide

Description

Prepare an ADA transition plan for City owned facilities; sidewalks and curb ramps throughout the City. Prepare a survey of the condition of each location, prepare a cost, and a plan to fund and schedule to construct. Plan to be approved by City Council. Includes construction of ADA curb ramps throughout the City.

Justification

Gas Tax funds can only be used on Transportation oriented ADA projects.

# Capital Improvement Plan

Salinas, CA

Project #	9253		
Project Name	ADA Traffic Signal Upgrades		
Contact	Adriana Robles	Department	50 - Public Works
Type	Equipment	Category	Traffic Signals
Priority	1 High/Necessary	Start Date	07/01/17
Completion Date	On Going	Council District	City-Wide

Description

Upgrade traffic signals to meet ADA standards with pushbuttons, audible signals, and various ADA upgrades. Design and construct in alternating years.

Justification

The Americans Disability Act obligates Local Agencies to budget and schedule deficient ADA infrastructure in City right-of-way.

Contact	Adriana Robles	Department	50 - Public Works
Type	Equipment	Category	Traffic Signals
Priority	2 Medium/Important	Start Date	07/01/00
Completion Date	On Going	Council District	City-Wide

Description

Upgrades to traffic signals and RRFBs, including controllers, cabinets, opticom, APS, iCCUs, video detection, leading pedestrian phases, LED beacons, and communication upgrades.

Justification

Traffic signal technology changes to improve safety and efficiency. This CIP allows necessary upgrades to existing signal system. This CIP includes the installation of new pedestrian countdowns, improved detection, battery back-up units, new cabinets to allow additional safety features at signalized intersections.

## Capital Improvement Plan

### Salinas, CA

**Project #** 9120  
**Project Name** Monte Bella Subdivision Improvements

<b>Contact</b>	Victor Baez	<b>Department</b>	50 - Public Works
<b>Type</b>	Maintenance	<b>Category</b>	Urban Forestry
<b>Priority</b>	2 Medium/Important	<b>Start Date</b>	07/01/11
<b>Completion Date</b>	On Going	<b>Council District</b>	2

#### Description

Rehabilitation of park landscaping & facilities including maintenance and renovation of parking lot areas, the park's irrigation system, future landscaping needs, tree trimming, tree replacement, and the various other park facilities. Periodic slurry seal and overlay. Maintenance of street lights and electrical service.

#### Justification

Planned maintenance and repair within the Monte Bella subdivision (per Resolution no. 18392).

## Capital Improvement Plan

### Salinas, CA

**Project #** 9775  
**Project Name** Street Median Landscaping

<b>Contact</b>	Victor Baez	<b>Department</b>	50 - Public Works
<b>Type</b>	Maintenance	<b>Category</b>	Urban Forestry
<b>Priority</b>	2 Medium/Important	<b>Start Date</b>	07/01/15
<b>Completion Date</b>	On Going	<b>Council District</b>	City-Wide

#### Description

Maintain public landscaping & irrigation at park strips and median islands, appurtenant water mains & irrigation systems/repairs, ornamental water, electric current/repair, cyclical tree pruning and debris removal. In the event of drought restriction, upgrades as needed.

#### Justification

Providing funding will help in improvements for updating areas and help with unforeseen cost that arise due to outdated infrastructure.
