

**CITY OF SALINAS  
COUNCIL STAFF REPORT**

---

**DATE:** AUGUST 23rd, 2022  
**DEPARTMENT:** PUBLIC WORKS, FLEET MAINTENANCE DIVISION  
**FROM:** DAVID JACOBS, PUBLIC WORKS DIRECTOR  
**BY:** RONALD PATTERSON, FLEET MANAGER  
**TITLE:** SURPLUS VEHICLES AND EQUIPMENT FOR DISPOSAL

RECOMMENDED MOTION:

A motion to approve a resolution declaring vehicles and equipment surplus and authorizing their disposal.

RECOMMENDATION:

It is recommended that the City Council approve a resolution declaring items on the attached Surplus Vehicles and Equipment List as surplus and authorizing their disposal through auction companies by the Purchasing Division of the Finance Department.

DISCUSSION:

City Council is authorized pursuant to Salinas Municipal Code Section 12-15 to declare City vehicles and equipment no longer suitable for public use as surplus and to authorize their disposal through contracted auction services. Attached to this report is a list of vehicles and equipment that are recommended for disposal or auction.

There are three vehicles listed to be disposed of as scrap. These vehicles were deemed salvage by the insurer or parts have been removed and there is no value left. We have removed the powertrains and doors as well as other valuable components. In doing this we estimate to have approximately four to six thousand dollars in parts that we will likely need to procure in the future. We will take these and get scrap value for the chassis and receive a certificate of destruction. Any items that do not sell through the auction process shall be scrapped.

CEQA CONSIDERATION:

**Not a Project.** The City of Salinas has determined that the proposed action is not a project as defined by the California Environmental Quality Act (CEQA) (CEQA Guidelines Section 15378).

DEPARTMENT COORDINATION:

Disposal of surplus property requires staff time from Finance Purchasing Division, Police Department Vehicle Maintenance and Administration Divisions, Fire Department Vehicle Maintenance and Public Works Vehicle Maintenance Division.

Vehicle maintenance personnel must remove City equipment and decals from the vehicles. Public Works Vehicle Maintenance Division makes minor repairs on the vehicles to get them operational for better sale value. Fleet Maintenance coordinates and lists the sale with the auction companies.

STRATEGIC PLAN INITIATIVE:

Disposing of vehicles and equipment not suitable for City use supports City Council goals of “Operational Efficiencies”.

FISCAL AND SUSTAINABILITY IMPACT:

The sales of listed surplus should generate approximately \$1,000 to \$5,000 in revenue.
