FROM: Ray E. Corpuz, Jr., City Manager

SUBJECT: CAPITAL IMPROVEMENT BUDGET (FISCAL YEAR 2017-18) AND PROGRAM (FISCAL YEARS 2018-23)

The Capital Improvement Budget (FY 2017-18) and Program (FY 2018-23) for the City of Salinas details the capital investments required by the community to maintain and enhance our residents' quality of life. Given the significant costs associated with capital investments, the CIP is a multi-year document. The CIP is updated annually with comprehensive revisions occurring every two years. Comprehensive revisions to the CIP that included the identification of several new projects were made this year for FY 2017-18 through FY 2022-2023.

Guided by the City of Salinas' strategic plan and General Plan, this CIP continues targeted investments to maintain, rehabilitate, and rejuvenate a wide array of public infrastructure to improve system reliability, enhance recreational experiences, advance public safety, and in general ensure that Salinas remains well positioned for further economic growth and opportunity. This is complemented with the vision of new police and library facilities that will contribute to enhance life for Salinas' residents.

During FY 16-17, the total Capital improvement Project budget was over \$80.6 million. Of this amount, an estimated \$24 million will be actually spent while the difference will carry over to the following fiscal year.

After the passage of Measure G proposition and following the city's taxpayer priorities, the Council approved an additional \$10.8 million in FY 2016-17 to the already approved \$18.4 during the first year, in different capital improvement projects that included improvements to current buildings, planning and construction of a new police facility and equipment acquisition and replacement. The Council has therefore committed a total of \$29.2 million in just two fiscal years since the Measure G approval by Salinas' residents.

Among the completed list of projects in FY 2016-17, we find the City Web Page redesigned; Rotunda and City Hall Improvements; Network Equipment Upgrades; New Telephone System Upgrade; Airport electrical Upgrades; Equipment Replacement at the Harden Ranch Playground; Natividad Creek Park Skate/BMX Track. Staff continued with those projects that require annual investments like the Street Tree Planting, the Annual Street Repair and Rehabilitation, Storm Water (NPDES), Economic Development efforts like the FORBES Initiative, and Police and Fire Vehicle Replacement. This level of investment was accomplished because of residents' self-imposed sales and transaction taxes (Measure V and Measure G), coupled with aggressive grant writing efforts, federal assistance and well-planned distribution of restricted funds. These accomplishments are important to note, because they provided the City with the opportunity to

create a more beautiful place to live, work and play, as well as, an attractive environment that is conducive to retaining and attracting new businesses. A sense of pride continues to develop in the city as we begin to place more of an emphasis on the esthetic, as well as the internal infrastructure of the city.

The City of Salinas defines a CIP as having; 1) a capital asset with a desired minimum dollar amount of \$5,000; and 2) an estimated useful life of three years or more. Capital assets include land, building, land and building improvements, equipment and infrastructure assets (e.g. streets, sidewalks, traffic signals, and similar items). The proposed CIP includes equipment leases, building leases, and costs associated with maintenance of capital assets that extends the useful life of those assets. Although staff has made every attempt to adhere to the definition of a CIP, there are some items included that do not meet the definition, due to their uniqueness, such as special funding, timing and multi-year nature.

The proposed CIP budget is addressing many of its immediate needs by using over \$10.1 million during FY 2017-18 of the newly approved Measure G funds and over \$41.9 million for the remaining planned five years. In order to meet the City's needs, it is imperative that the City continues to plan and strategize how it will allocate limited financial resources for capital project. The Capital Improvement Program should not be confused with the Capital Improvement Budget. The capital improvement budget represents the first year of the CIP and is adopted by the City Council. The capital improvement budget authorizes specific projects and appropriates specific funding for those projects. Projects and financing sources listed in the CIP for years other than year one (commonly called "out years") are not authorized until the annual budget for those years is adopted by the City Council. The "out years" serve only as a guide for future planning and are subject to further review and modification in subsequent years by the City Council.

Annually, the City council adopts a six-year CIP to provide a standard by which to:

- Prioritize the increased needs of the City;
- Match as appropriate, available funding to the various needs;
- Plan to meet the City's capital needs over an extended period of time, as funding becomes available; and
- Establish a strategy to secure funding for priority projects.

The CIP is organized by departments/operating divisions inclusive of the following:

- Letter of Transmittal;
- CIP Summary by Department, including a capital projects index;
- CIP Summary by Fund; and
- CIP Sections by Department, including a detailed budget for each capital project.

Potential investments of \$320,872,340 are identified for the six (6) year period from July 1, 2017 to June 30, 2023. The required investments range from deferred maintenance needs of existing facilities (Sherwood Tennis Center and fire stations renovations and repairs) to the construction of long overdue new and expanded facilities (new police facility and El Gabilan Library) necessary to continue providing basic services to the residents of Salinas. Each of the six (6) years in the CIP lists critical investments. The FY 2017-18 proposed CIP Budget is balanced to forecasted revenues and therefore the funding for the projects is guaranteed.

City Council Goals and Objectives

On January 24, 2017, the City Council reviewed and updated the Strategic Plan with Goals and Objectives for the 2016-2019 time period. These goals and objectives were the result of a strategic planning session held and approved in 2016. Each department has aligned the specific tasks they plan to accomplish during the period to support and accomplish the City Council goals and objectives. These tasks are listed in each department's summary section of the budget. The City Council's strategic goals and objectives are listed below:

Economic Diversity and Prosperity

- Complete the Economic Development Element and Coordinate with major economic development initiatives
- Alisal Vibrancy Plan
- AgTech Ecosystem Development
- Alisal Marketplace
- Revitalize Chinatown
- Entitle and Develop the Future Growth Area (FGA)
- Enhance Permit Center Operations

Safe, Livable Community

- Recruit, hire and retain Public Safety Officers
- Re-establish State and Federal Partnerships to fight crime in the City of Salinas
- Update Technology in Public Safety
- Prepare and present to the public a Community Policing Plan that includes support and involvement of neighborhoods
- Improve Code Enforcement in the City

Effective, Sustainable Government

- Review the format, structure, purpose and processes of existing Boards, Commissions and the City Council
- Review, Update, and Support Human Resources Excellence
- Inventory and determine cost effectiveness of outside consultants
- Enhance Community input and participation

Well-planned City and excellent infrastructure

- Increase the rate of planned infrastructure improvements (sidewalks, including Laurel Extension sidewalk)
- Design and Seek Funding for the Laurel Extension Sidewalk
- Improve Fire Department Facilities and Equipment
- Design/Build Police Department Building
- Housing Element
- Engage Deep Water Desalination
- Begin Installation of Dark Fiber

- General Plan Update

Quality of Life

- Explore Carr Lake opportunities
- El Gabilan Library Expansion
- Conduct Needs Assessment and develop an Open Space Master Plan
- Upgrade community and recreational centers
- Continue collaboration with the County and social service providers to address the needs of the homeless

All of the projects in the CIP fulfill one or more of the five strategic goals. Included in the CIP are projects that specifically address certain objectives include funding and planning for the General Plan Update, Economic Development Element, Alisal Market Place, Chinatown Revitalization, new public safety center, technology upgrades, and the El Gabilan Library Expansion.

Fiscal Year 2017-18

Funding Sources	FY 17-18	FY 18-19	FY 19-20	FY 20-21	FY 21-22	FY 22-23	Total
General Fund	\$ 739,337	\$ 525,000	\$ 400,000	\$ 370,000	\$ 570,000	\$ 570,000	\$ 3,174,337
Measure V	140,000	1,180,000					1,320,000
Measure G	10,145,493	9,159,990	8,499,190	7,006,490	7,348,990	9,953,990	52,114,143
Other Funds	23,881,300	141,183,910	42,238,220	24,349,610	13,780,910	18,829,910	264,263,860
Total	\$ 34,906,130	\$ 152,048,900	\$ 51,137,410	\$ 31,726,100	\$ 21,699,900	\$ 29,353,900	\$ 320,872,340

The FY 2017-18 Capital Improvement Budget is \$34,906,130 (an increase of 43.8% over the previous year's Budget due mostly to the higher investment in Road and Street maintenance resulting of the passing of Measure X (TAMC) and the approval of SB1 coupled with steady investing funded by Measure G funds). The General Fund portion of the budget total is \$739,337, including required payments for building leases, Chinatown rebound update study, fire hydrants repairs, fire safety gear replacement, public safety radio communication system replacement, copier rental program, Salinas Valley Sector based Intermediary Partnerships and Alisal Vibrancy Plan study. The City must comply with two federal mandates that require annual investment from the General Fund. One of this mandates requires an upgrade of the public safety radio system funded in FY 2017-18 for \$105,200 per year. This mandate will fulfilled in 2017-18. The other mandate requires the monitoring of storm water discharge (NPDES) with an annual cost of \$135,000 that is in addition to the \$1.1 million included in the operating budget. This mandate is met this fiscal year with funding from Measure G. The City will need to spend the same about every year in the future. The only projects funded by Measure V are \$90,000 for computer upgrades at the Libraries and a \$50,000 investment in a City Urbanization History project. Continuing with previous practice, in October of this year a list of proposed projects will be presented to be funded with the one-time Measure V carryover funding from the current fiscal year.

Measure G (transaction tax revenue) continues the practice of making considerable investments in capital improvement projects in this year's proposed budget. This year the total proposed projects

add up to \$10,145,493. Among the 30 proposed projects for FY 2017-18, the financing cost of a new public safety center, fire apparatus and police vehicle replacement, a third installment (\$880 thousand last fiscal year) of a new Record Management System for the Police Department, Sherwood Tennis Center Improvements, General Plan and NPDES permit and public education and a Homeless Warming Shelter program stand out as the ones requiring larger investments. The balance of the budget (\$26,047,200) is funded by development fees, gas tax, Measure X Transportation Safety and Investment, SB1 Road Maintenance and Rehabilitation, approved state and federal grants, and City enterprise funds, all of which require those revenues to be used for the specific purposes listed in the recommended CIP. For instance, the \$11,957,000 in the Measure X Transportation Safety and Investment projects may only be used for maintaining local roads and streets purposes, or the \$330,000 in TFO (Traffic Fee Ordinance) project may only be used for traffic related projects. TFO fees are paid by developers for specific projects required to mitigate the impacts of development.

Future Investments Needs

The second through sixth years of the CIP list are best described as a list of community needs without any guaranteed source of funding. For instance, FY 2018-19 through FY 2022-23 General Fund projects totals \$2,435,000, Measure V projects total \$1,180,000 and Measure G projects total \$41,968,650. Prior year's policy mandating the use of General Fund and Measure V savings for capital projects provided approximately \$2,000,000 annually. Given the current economic and fiscal condition, it will be necessary to limit any General Fund and Measure V budget savings (carry over) for capital projects that cannot be deferred. Measure G funding is now available to address many of the community needs and will be reviewed by the Measure G Committee. Furthermore, unfunded general government projects total over \$45,583,650 and will remain unfunded until a source can be confirmed or identified.

Restricted Funds

A combination of various resources are included in the recommended FY 2017-18 capital projects budget for the rehabilitation and development of infrastructure and street systems repair and improvements. Restricted funds include Enterprise Funds, Maintenance Districts Assessment, Community Development Block Grant Funds, Development Impact Fees, Local Gasoline Excise Tax, Measure X Transportation Safety and Investment, SB1 Road Maintenance and Rehabilitation and Federal Aviation Administration Grants. Examples of programs and projects funded, in whole or in part, from restricted funds include: Industrial Waste Treatment Facility Repairs, Airport Hangar/Buildings Electrical Upgrades, Sanitary Sewer Equipment and Pipes Repair/Rehab, Priority 1 Sanitary Sewer Line, Natividad Creek Slit Removal, NPDES Mapping and Monitoring, Street Sweeper acquisition, and citywide Annual Street and Sidewalk Repairs.

In November 2016, County-wide taxpayers approved Measure X representing an increase in the retail transactions and use tax of three-eighths of one percent ($3/8\%$) over a period of thirty years for the purposes of improving safety on local roads and highways, repairing potholes, maintaining streets and roads, reducing traffic congestion, improving transportation for seniors, young people, and people with disabilities, and making walking and biking safer. Tax revenues will be allocated with 60% of funds dedicated to local road maintenance, pothole repairs and safety projects and 40% of funds dedicated to regional safety and mobility projects. The Transportation Agency for Monterey County (TAMC) and a Citizen Oversight Committee will be established in addition to requiring annual independent audits. The City's FY 2017-18 Capital Improvement Project Budget includes over \$11.9 million in qualified projects which include among others, the East Boronda Road Widening Improvements, Traffic Signal at East Laurel and Saint Edwards, Constitution Boulevard Roadway Repair, Circle Drive Pavement and several Sidewalk and Drainage Repairs. The budget shows \$63.6 of Measure X projects over the 6-year budget plan.

On March 29, 2017, Governor Brown announced a transportation funding agreement, known as SB1 Road Maintenance and Rehabilitation. This ambitious plan will provide \$5.2 billion annually to California's transportation infrastructure. The plan will be funded by several tax increases that include a 12-cent per gallon increase to the gasoline excise tax in addition; a 20-cent per gallon

increase to the diesel excise tax; An additional vehicle registration tax called "Transportation Improvement Fee" with rates based on the value of the motor vehicle effective January 1, 2018 and \$100 dollar vehicle registration fee on zero emission vehicles model 2020 and later. The City will get about \$1.1 million during fiscal year 2017-18 from this tax increases with future revenues estimated at \$3.6 million annually. The proposed CIP budget includes project #9981 Constitution Boulevard Roadway Repair as a qualifying project funded by SB1 Road Maintenance Fund.

User's Tax (Gas Tax) that represent a major funding source of capital improvement projects are modestly higher than in previous years. The Streets and Highways Code Section 2104-2107 allocations are based on the base of 18 cent per gallon rate that does not change. As a result, those allocations are more stable, although they are now declining with fuel efficiency and increasing use of alternative transportation fuels. Statewide fuel consumption (gallons) has been relatively flat in recent years. FY 2017-18 allocations from the Gas Tax Sections 2104-2107 base are estimated to increase less than one-half of one percent. Projects funded by Gas Tax funds in the proposed CIP budget add up to \$1.7 million.

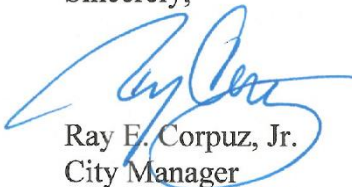

Investments being proposed in FY 2017-18 under the Special Construction Assistance Fund include City bridges Rehabilitation (\$350,000), Bardin Road Safe Route to School (\$696,000), Contamination Mitigation (\$20,000), Airport Runway and Heliport Rehabilitation (\$66,875). All these projects are funded by a variety of federal and state grants.

Conclusion

The six (6) year Capital Improvement Program provides a snapshot of community needs. The CIP does not provide a guarantee that all projects will be accomplished. Funding for capital projects are subject to economic conditions effecting General Fund, Measure V and Measure G resources, developer resources, grant availability and State budget actions. The CIP should be reviewed with prioritization in mind in order to establish a strategy to secure funding for the priority projects.

The long-term service and economic development needs of the Salinas community must also be assessed from the perspective of required capital investments. The multi-year CIP provides an opportunity to do so and will continue to be a priority.

Sincerely,

Ray E. Corpuz, Jr.
City Manager

CAPITAL IMPROVEMENT PROJECT

Project: PCs & Networking

Department: Administration Department

Project Number: 9102

Project Description and Location:

City Hall. Replace and upgrade Windows Vista desktops with Virtual Desktops. Upgrade current Virtual Desktops with same version of Windows and Office.

Completion Schedule:

Start Date
01 JUL 2014

Completion Date
30 JUN 2023

Estimated Annual Operating Budget Cost/Savings

☐ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

FY 2015-16. Desktop replacements will cost \$100,000. Citrix Licenses \$45,000. Windows and Office Licenses \$100,000. Servers \$50,000. Virtualization \$20,000. FY 2016-17 Citrix licenses \$45,000. Windows and Office Licenses \$100,000.

CAPITAL IMPROVEMENT PROJECT

Project: Fiber Connectivity & Virtual Desktop

Department: Administration Department

Project Number: 9108

Project Description and Location:

Upgrade to fiber connectivity (\$160,000) to all outlying City facilities by contracting with AT&T to run fiber connections at 50 Mbps to all of the outlying facilities, providing connections speeds approximately 30 times faster than current speed; Virtual Desktop Deployment running Windows 7 (\$330,000); Fiber Optic Feasibility Study (\$20,000) and funding of the Enterprise resource Planning (ERP) Financial Systems Upgrade (\$124,000).

Completion Schedule:

Start Date

22 OCT 2013

Completion Date

30 JUN 2018

Estimated Annual Operating Budget Cost/Savings

☐ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

Project funded with General Fund Carryover funds from FY 2012-13.

CAPITAL IMPROVEMENT PROJECT

Project: City Web Page

Department: Administration Department

Project Number: 9131

Project Description and Location:

Project provides for the redesign of the City of Salinas web page. The City's current web page was implemented in 2008 and is outdated. Project also provides for Spanish translation of portions of the web site.

Completion Schedule:

Start Date
01 JUL 2007

Completion Date

Project: Housing Land Acquisition Fund

Department: Community Development

Project Number: 9156

Project Description and Location:

This fund was initiated to allow former RDA properties to be liquidated and the City to acquire. With the successful wind down of RDA, the City is exploring ways to facilitate affordable housing production. The City can use its General Fund, HUD resources, and any inclusionary housing impact fees for land acquisition to facilitate the production of affordable housing.

CAPITAL IMPROVEMENT PROJECT

Project: Parking Lot Resurfacing

Department: Downtown Parking Division

Project Number: 9106

Project Description and Location:

The City own and operates fifteen parking lots and two parking garages. This project provides for the routine resurfacing and restriping of four lots per year.

Completion Schedule:

Start Date
01 JUL 2013

Completion Date
30 JUN 2023

Estimated Annual Operating Budget Cost/Savings

☐ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

Parking District to fund the resurfacing of revenue generating parking lots.

CAPITAL IMPROVEMENT PROJECT

Project: Vibrancy-Downtown Traffic/Parking Study

Department: Engineering and Transportation

Project Number: 9153

Project Description and Location:

A downtown circulation and parking study to evaluate the most effective means of circulating traffic in and through the downtown, particularly evaluating conversion of one-way streets (Main, Salinas and Monterey Streets) to two-way; and also evaluating the most effective means of providing parking for a planned multi-agency government center, along with needs of visitors and commercial users. This would be a County/City/Business initiative.

Completion Schedule:

Start Date
01 JUL 2012

Completion Date
30 JUN 2019

Estimated Annual Operating Budget Cost/Savings

☐ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

Under approved MOU with Monterey County, City and County resources would be expended on a downtown and government center planning process, using public funds with private. There is no sign agreement reached with several private property parties other than the verbal promise to contribute per Council action of August 13, 2013.

CAPITAL IMPROVEMENT PROJECT

Project: Vibrancy Plan Infrastructure

Department: Engineering and Transportation

Project Number: 9230

Project Description and Location:

Vibrancy Plan implementation calls for the development of several new infrastructure projects and a potential resource to fund these projects is the Enhanced Infrastructure Finance District. It requires no new taxes, because it relies on tax increment financing. A feasibility study is necessary to see if the potential use of these resource is worthy of pursuit.

CAPITAL IMPROVEMENT PROJECT

Project: Vibrancy Plan State Highways

Department: Engineering and Transportation

Project Number: 9231

Project Description and Location:

Vibrancy Plan implementation calls for significant changes. To initiate these changes, Caltrans has to relinquish Hwy 183 to the City for the re-design of the 1925 rail-grade separation and control the signalization of the Market Street intersections. Legislative action and a feasibility study are required to identify the hard costs and the potential risks associated with this move.

Project: Parking Enforcement

Department: Engineering and Transportation

Project Number: 9249

Project Description and Location:

This program will allow parking enforcement to be assumed by the City Public Works Department. Public Works currently manages the City's parking assets. The transfer of this function to Public Works will allow the City to support its assets, help optimize parking use in commercial areas, support safety at schools and support street sweeping services. The transfer of the parking enforcement program is supported by the Police Department.

Completion Schedule:

CAPITAL IMPROVEMENT PROJECT

Project: Davis(Blanco-Reservation)

Department: Engineering and Transportation

Project Number: 9923

Project Description and Location:

Design and construction of capacity improvements to Davis Road (Blanco Road to Reservation Road) and Reservation Road (Davis Road to Intergarrison Road). The Project provides for the widening of Davis Road and Reservation Road from two lanes to four lanes and bike lanes. The Project addresses deficiencies along the corridor that links Salinas to the Monterey Peninsula. The Salinas Traffic Improvement Program identifies this need under (TFO #41).

Completion Schedule:

Start Date

01 JUL 2018

Completion Date

30 JUN 2023

Estimated Annual Operating Budget Cost/Savings

☐ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

Estimated total project cost is \$18 million. As this project is located in the County's jurisdiction, regional funding will be used. The improvements provide capacity improvements recognized as necessary by the Salinas General Plan. Therefore, there is also a contribution from City Traffic Impact Fees (TFO #41).

CAPITAL IMPROVEMENT PROJECT

Project: City Hall Improvements

Department: Facilities Maintenance Division

Project Number: 9612

Project Description and Location:

Project provides for the rehabilitation of City Hall, Rotunda and Public Safety Building to include painting, carpeting, replacing ceiling tiles, replacing elevator and furnishing alterations necessary to accomodate the relocation of office staff after the new Police facility is complete. Improvements would satisfy City Hall space needs for the foreseeable future.

Completion Schedule:

Start Date
01 JUL 2018

Completion Date
30 JUN 2019

Estimated Annual Operating Budget Cost/Savings

☐ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

Project would require bond financing supported by a dedicated revenue source.

CAPITAL IMPROVEMENT PROJECT

Project: CEDD Vehicle Replacement

Department: Fleet Replacement & Maint

Project Number: 9045

Project Description and Location:

Purchase of new vehicles to replace existing antiquated vehicles with an emphasis on reduction of emissions.

Completion Schedule:

Start Date
01 JUL 2013

Completion Date
30 JUN 2018

Estimated Annual Operating Budget Cost/Savings

☒ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

Replacement vehicles are needed for the Building and Planning Divisions. Permit Center revenue for both the Building and Current Planning can be utilized to assist in the maintenance of the vehicles. Because the increase in the number of Code Enforcement Officers (6 in total), most of the vehicles in prior years went to Code Enforcement. Aging vehicles will be replaced as they reach the end of their life

CAPITAL IMPROVEMENT PROJECT

Project: Fire Apparatus Repl Leases

Department: Fleet Replacement & Maint

Project Number: 9540

Project Description and Location:

Project provides for the acquisition of two (2) aerial ladder trucks, four (4) fire engines, and an Aircraft Rescue Firefighting Vehicle.

Completion Schedule:

Start Date
01 JUL 2006

Completion Date
30 JUN 2023

Estimated Annual Operating Budget Cost/Savings

☐ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

In FY 2013-14 a lease purchase of one Tiller Ladder Truck and one Fire Engine Apparatus (\$1,623,705) and one Aircraft Firefighting vehicle (\$359,534) was approved. Airport funds one-half of Rosenbauer Airwolf lease (\$72,340). In FY 2014-15 funding a lease/purchase of an additional Tiller Ladder truck and one Fire Engine. FY 16/17 provided one (1) fire engine.

CAPITAL IMPROVEMENT PROJECT

Project: Fire Hose & Nozzle Replacement

Department: Fire Department

Project Number: 9384

Project Description and Location:

Project provides for the replacement/upgrade of nozzles and fire hoses. The department's 5" hose is reaching the manufacture's life expectancy of 10 years.

Completion Schedule:

Start Date
01 JUL 2006

Completion Date
30 JUN 2023

Estimated Annual Operating Budget Cost/Savings

☐ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

Replacement of nozzles and hose will minimize repairs and maintenance of aging equipment. This will allow personnel to commit to other fire department projects and/or assignments. \$30,000 over 3 years will replace all 5" hose, this will eliminate a one-time purchase of \$90,000 to replace all 5" hose. In FY 2015-16 project will also replace 1 1/2" and 2 1/2" hose.

CAPITAL IMPROVEMENT PROJECT

Project: Fire Hydrant Repairs

Department: Fire Department

Project Number: 9411

Project Description and Location:

Project provides for repairs of fire hydrants in the Alco Water service areas within the City of Salinas. Project also provides for replacement of existing old style hydrants in Alco Water service areas within the City of Salinas with the current city fire hydrant specified.

Completion Schedule:

Start Date
31 DEC 2005

Completion Date
30 JUN 2023

Estimated Annual Operating Budget Cost/Savings

☐ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

The City's franchise agreement with Alco Water does not provide for repairs or replacement of hydrants by Alco Water. Continued general fund allocations are necessary. There are currently 10 fire hydrants that are out of service in the ALCO water area that will have a direct impact on firefighting operations. Average repairs cost \$3000-\$5000 per hydrant.

CAPITAL IMPROVEMENT PROJECT

Project: Fire Training Tower

Department: Fire Department

Project Number: 9984

Project Description and Location:

Project provides for upgrades to the training tower and facilities at Fire Station 3 and the airport training site. Items include expansion of live fire training simulators at the airport training site and rehabilitation and construction of enhanced training props for rescue, firefighting, and hazardous materials.

Completion Schedule:

Start Date
01 JUL 2016

Completion Date
30 JUN 2023

Estimated Annual Operating Budget Cost/Savings

☐ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

The need to expand existing training facilities to meet the training mandates for all employees is critical to firefighter safety and exceeding service level expectations to the community. FY 16/17 will begin the enhancement of these much needed facilities.

CAPITAL IMPROVEMENT PROJECT

Project: Mobile Command Veh Recur Cost

Department: Fire Department

Project Number: 9985

Project Description and Location:

This CIP would serve secure ongoing subscription services for satellite broadband, communications connectivity and ongoing hardware technology upgrades and support. The initial costs for these services were grant funded and ongoing grant funding is unsecured. This asset directly supports the City's EOC.

Completion Schedule:

Start Date
01 JAN 2016

Completion Date
30 JUN 2023

Estimated Annual Operating Budget Cost/Savings

☐ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

The Mobile Command Vehicle is a regional asset and is deployable to Monterey County public safety agencies as a "mutual aid resource". However, the unit is deployable and reimbursable through statewide agreements and is also reimbursable for regional "planned events". As this is the goal of the program, secured funding for recurring costs is necessary to avoid interruption and continuity of services.

CAPITAL IMPROVEMENT PROJECT

Project: Fire Sta. Alerting Sys Update

Department: Fire Department

Project Number: 9987

Project Description and Location:

The project builds on the upgrades completed at fire station #1 in FY 2009. Timely relay of critical dispatch information aids to reduce overall response times, reduce errors in dispatch and provide a layer of redundancy for critical dispatch communications systems. The current fire station alerting systems are over 30 years old and rely on antiquated voice technology.

Completion Schedule:

Start Date
01 JUL 2015

Completion Date
30 JUN 2023

Estimated Annual Operating Budget Cost/Savings

☐ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

FY 2014-2015 provides for the purchase of a software interface from the County of Monterey CAD system to provide fire station alerting and CAD data to the fire stations as well as the upgrade of one station. This is proposed to coincide with the deployment of the Monterey County NGEN radio system. FY 2014-2015 upgrades one station; FY 2015-2016 upgrades two stations.

CAPITAL IMPROVEMENT PROJECT

Project: Commercial Washer & Dryer

Department: Fire Department

Project Number: 9992

Project Description and Location:

Install commercial washer and dryer at Fire Station #2 to have an additional laundering facility. New OSHA mandates require turn out safety gear be cleaned after exposure to fire byproducts. A dryer would expedite the drying process and availability of the gear.

Completion Schedule:

Start Date
01 JUL 2012

Completion Date
30 JUN 2018

Estimated Annual Operating Budget Cost/Savings

☐ Personnel ☐ Equipment/Supplies ☐ Maintenance ☐ Other

Estimated Annual Costs < Savings > :

Date Costs < Savings > Will Occur:

Fiscal Impact:

FY 2012-2013 provided \$12,000 for a washer and \$5,000 for a dryer at station #1. FY 2013-2014 provided a washer and dryer for station #3. FY 2015-2016 provides a washer and dryer for station #2. Washing turnout safety gear as recommended by the manufacturer will prolong the life of the gear, which would eliminate premature wear and tear and early replacement.

Project: Natividad Creek Slit Removal

Department: NPDES Storm Drain Sewer Div

Project Number: 9086

Project Description and Location:

Remove slit from sections of Natividad Creek between Boronda Road to East Laurel Drive. Make repairs to banks and the water channel as required; and make repairs to any outfalls that tie in the creek. Project will be done in two phases: Phase 1 will call for channel assessment and design; and Phase 2 will call for the actual slit removal and repairs.

Completion Schedule:

CAPITAL IMPROVEMENT PROJECT

Project: Santa Rita Storm Channel

Department: NPDES Storm Drain Sewer Div

Project Number: 9175

Project Description and Location:

This project provides for the repair of the storm water channel at Santa Rita Park. The storm water channel has been damaged by erosion due to multiple storm events in recent years. The project includes the widening of the concrete portion of the channel and a paved access driveway for maintenance vehicles as well as a re-grading of the channel slopes to include hydro seeding. The total reconstruction includes approximately 1,300 linear feet of the channel.

CAPITAL IMPROVEMENT PROJECT

Project: Martella St/Preston St Assessment Dist.

Department: Street Maintenance Division

Project Number: 9867

Project Description and Location:

The City has an ongoing program to resurface/reconstruct City streets. The resurfacing of streets prolongs the life of the streets by decreasing deterioration; however, Martella and Preston Streets in this case are beyond resurfacing. Therefore, a complete reconstruction of these streets is warranted. Includes striping, upgrades to signing, ADA pedestrian ramps, catch basin upgrades and storm drain improvements.

Estimated Annual Costs < Savings > : 2,200

Date Costs < Savings > Will Occur:

Fiscal Impact:

Once the signals are installed, the City will be responsible to maintain the facilities. Currently it cost the City approximately \$1,500 per year per intersection to maintain a traffic signal system. This includes regular maintenance and electric power. A Fire Opticom system is included in each traffic signal installation.

PROJECT COSTS	Prior Years	17-18	18-19	19-20	20-21	21-22	22-23	TOTAL

CAPITAL IMPROVEMENT PROJECT

Project: T/S Main St. & John St.

Department: Traffic Signals Division

Project Number: 9951

Project Description and Location:

Mitigation #8-Main Street/John Street Intersection #1-the modification of the lane configuration at this intersection to change the NB approach to three through and a free right turn lane, two EB right turn lanes and one EB through lane, changes to the SB approach to one left & through lane, the removal of parking on the west side of Main Street south of the intersection and the adjustment of the signal phasing to provide a custom overlap phase are required.

Completion Schedule:

Start Date

01 JUL 2018

Completion Date

30 JUN 2019

CAPITAL IMPROVEMENT PROJECT

Project: T/S Front St. & John St.

Department: Traffic Signals Division

Project Number: 9953

Project Description and Location:

Front Street/John Street Intersection #5-This intersection is in close proximity to the Abbott Street/John Street intersection and it should be signalized; it will have to be linked and synchronized. As an alternative to signalization, the conversion of this intersection to a right-in, right out intersection could be further investigated. That could have re-routing implications that could affect the Abbott Street/John Street intersection.
