ENGINEER'S REPORT AFFIDAVIT

Harden Ranch Maintenance District

City of Salinas
Monterey County, State of California

This Report describes the District and all relevant zones therein including the improvements, budgets, parcels and assessments to be levied for Fiscal Year 2017/2018 as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Monterey County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

Dated this _____ day of _____, 2017.

I. OVERVIEW

A. Introduction

The City of Salinas (“City”) annually levies and collects special assessments in order to maintain the improvements within the Harden Ranch Maintenance District Landscaping and Lighting District No. 2 (“District”). The District is levied annually pursuant to Article II, Chapter 21C of the Salinas City Code and the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the “1972 Act”).

This Engineer’s Annual Levy Report (“Report”) describes the District, any changes to the District and the proposed assessments for Fiscal Year 2017/2018 (“Current Fiscal Year”). The proposed assessments are based on the historical and estimated costs to maintain the improvements within the District. The various improvements within the District and the costs of those improvements are identified and budgeted separately, including all expenditures, deficits, surpluses, revenues, and reserves. Each parcel is assessed proportionately for the special benefit received.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessment Number (Assessor Parcel Number) by the Monterey County Assessor’s Office. The Monterey County Auditor/Controller uses Assessment Numbers and specific Fund Numbers to identify on the tax roll, properties assessed for special district benefit assessments.

At a noticed Public Hearing, the City Council will consider all public comments and written protests presented. Upon conclusion of the Public Hearing, the City Council will tabulate property owner protest ballots received (for any proposed new or increased assessments) to determine whether majority protest exists, and by resolution confirm the results of any such protest ballot tabulations. The City Council will direct any necessary modifications to the Report and approve the Report as submitted or amended. There are no new or increased assessments or annexations proposed for Fiscal Year 2017/2018.

Following approval of the Report, the City Council will by resolution, order the improvements to be made, any annexations of territory, and confirm the levy and collection of assessments pursuant to the Act. The assessments as approved will be submitted to the Monterey County Auditor/Controller to be included on the property tax roll for each parcel.

B. Historical Background and Current Legislation

The District has been formed pursuant to *Article II, Chapter 21C of the Salinas City Code* and the 1972 Act. Pursuant to the 1972 Act, the City Council annually conducts a public hearing to accept property owner and public comments and testimony, to review the Engineer’s Report and approve the annual assessments to be levied on the County tax roll for the fiscal year. All assessments approved by the City Council have been prepared in accordance with the 1972 Act and are in full compliance with the provisions of the California Constitutional Article XIID (“Article XIID”), which was made part of the California Constitution with the passage of state-wide Proposition 218 in 1996.

In Fiscal Year 1999/2000, the City initiated and conducted property owner protest ballot proceedings, in compliance with the substantive and procedural requirements of Article XIID Section 4, in an effort to obtain approval for an inflation factor adjustment to the existing assessment rate. At the conclusion of the Public Hearing, all property owner ballots returned were tabulated to determine if majority protest existed. The tabulation of the ballots indicated that majority protest did exist. Therefore, the rate will remain at the same level approved by the City prior to the effective date of Article XIID with no escalation.

The proposed assessment for the current fiscal year may be less than or equal to the maximum assessment rate previously approved within the District. Any proposed assessment that exceeds the maximum assessment rate requires property owner ballot proceedings for the incremental assessment increase. The actual assessment amount approved by each property owner will often vary as a function of their land use and proportionate special benefit; however, the actual assessment amount approved by the property owners is the maximum assessment rate applicable to the properties and improvements. The benefit and apportionment of the maximum assessment rate is discussed in more detail in the Method of Apportionment Section of this Report.

The Method of Apportionment described in this Report utilizes commonly accepted assessment engineering practices and has been established pursuant to the 1972 Act. All new or increased assessments will be subject to the substantive and procedural requirements of Article XIID Section 4.

C. General Description of the District and Services

The District provides maintenance, servicing and operation of landscaped and lighting improvements and associated appurtenances located within the public right-of-ways and dedicated landscape easements.

The District includes North Main Street, Cherokee Drive, San Juan Grade Road, Boronda Road, Natividad Road, Harden Parkway, East Boronda Road, El Dorado Drive, and McKinnon Drive, either in part or as a whole.

D. Improvements Authorized by the 1972 Act

As applicable or may be applicable to this proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the

installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.

- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

II. DESCRIPTION OF THE DISTRICT IMPROVEMENTS

There are three types and areas of improvements in the District. The first consists of maintaining and servicing all crosswalks, signs, and median strips. The boundary for this improvement is along North Main Street from Cherokee Drive to San Juan Grade Road. San Juan Grade Road from North Main Street to 400 feet northeast of Boronda Road. Natividad Road from Boronda Road to Emerald Way is also included, along with the most westerly 925 feet of Harden Parkway, and the most westerly 800 feet of East Boronda Road.

The second includes El Dorado Drive, McKinnon Drive, and the balance of Harden Parkway and East Boronda Road not included in the above area. The improvements for this area entail the maintaining and servicing of all walkways, crosswalks, masonry, walls,

signs, linear parks and parkways, embankments, sprinkler systems, ornamental lighting and plantings including lawns, shrubs, and trees. This includes all structures or other facilities necessary for linear park and parkway purposes that lie in this area.

The third involves the maintenance and clean up necessary in the storm water detention basins that are also used as parks. These areas are defined in more detail by Appendix B titled Detention Basins Location Plat.

III. METHOD OF APPORTIONMENT

A. General

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

In addition, pursuant to Article XIID Section 4 of the State Constitution (with some exceptions) a parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel.

B. Proposition 218 Benefit Analysis

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and

method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the existing Harden Ranch Maintenance District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either "general benefit" (not assessed) or "special benefit".

C. Benefit Analysis

The method of apportionment (method of assessment) is based on the premise that each assessed parcel receives a distinct and special benefit from the improvements maintained and funded by the assessments. The improvements generally include landscaped medians, parkways, entryways, slopes and appurtenant facilities. The annual assessments outlined in this Report are based on the estimated costs to provide all necessary service, operation, administration, and maintenance required each year to keep these improvements in a healthy, vigorous, and satisfactory condition and benefit the properties.

D. Assessment Methodology

The basis for the method of distribution is lot size. The lot is given a proportionate share of the cost of maintenance, repair, and operation based on net acreage. This includes residential subdivisions as a whole. The assessment rate for the District is \$66.72 per SFU (Single Family Unit) or \$353.66 per acre. In addition, \$10 per parcel is added to the assessment amount.

IV. DISTRICT BUDGET

A. Description of Budget Items

The following describes the services and costs that are funded through the District, shown in the District Budget table in part B of this section.

DIRECT COSTS:

In-House Inspection — Costs related to Inspectors on City staff who provide services such as construction work monitoring, project documentation, inspection and testing during the construction phase of a project

Contracted Services — Includes all contracted labor, material and equipment required to properly maintain the landscaping, irrigation systems, drainage systems, water features and ornamental lighting systems within the District.

Contingencies — This is a fund for additional costs of repairs that are unforeseen and not normally included in the yearly maintenance cost. This may include repair of damaged amenities due to vandalism, storms, frost and planned upgrades of the improvements including all renovation costs. Examples of upgrades are replacement of plant materials and/or renovation of irrigation or ornamental lighting systems.

Utilities — The furnishing of electricity and water required for the operation and maintenance of landscaping facilities including ornamental lighting and irrigation facilities.

ADMINISTRATION COSTS:

Agency Administrative Expenses — The cost to all particular departments and staff of the City for providing the coordination for District service, operations and maintenance, responding to public concerns and education, and levy collection. This is the cost to the District for any additional administrative expenses not normally included in the yearly administration costs including, but not limited to the cost of preparing, producing and/or mailing any notices, ballots, assessment hand bills, or tax roll changes and may also include the costs of resource materials or any other administrative expense or fees associated with the District.

Professional Fees — The costs of contracting with professionals to provide services specific to the levy administration and any additional administrative, legal or engineering services specific to the District.

City Collection Fee — This is the cost to the District for the County and City to collect District assessments on the property tax bills. This charge is based on the flat rate of \$10 per parcel.

CAPITAL IMPROVEMENT PROJECT:

Capital Improvements — This item represents the planned expansions or improvements within the District for Fiscal Year 2017/18. Currently, there are no planned capital improvement expenses for Fiscal Year 2017/18.

LEVY BREAKDOWN:

Total Direct and Admin. Costs — This amount represents the sum total of all Direct Costs and Administration Costs.

Operating Reserve Collection — This line item reflects funds being added to, Collection, or provided by, the Reserve Fund Account for the current fiscal year. The Reserve Account provides funds to operate the District from the time period of July 1 (beginning of the fiscal year) through December when the County provides the City with the first installment of assessments collected from the property tax bills. The Reserve Account eliminates the need for the City to transfer funds from non-district accounts to pay for District charges during the first six (6) months of the fiscal year.

Capital Reserve Collection — This item allows the District to collect a portion of the total cost of a major improvement over several years thus reducing the short-term financial impact to the property owners.

LEVY ADJUSTMENTS:

Operating Reserve Contribution — This item reflects the amount of the current operating reserve that will be used towards direct costs in the current year.

Capital Reserve Contribution — This item reflects the amount of the current capital reserve that will be used towards the cost of a major improvement in the current year.

Additional City Contribution — This is the amount of additional funds provided by the City. These funds are used to supplement the current year's levy.

Estimated Interest Earnings — This is the estimated amount of interest earned on the Reserve fund to be used toward the Levy.

Balance to Levy — This is the total amount to be levied against the parcels within the District and Zone for the current fiscal year. The Balance to Levy represents the Levy Breakdown Sub-Total minus the Levy Adjustments Sub-Total. This dollar amount represents the funds that are to be collected for the current Fiscal Year from the property owners through assessments.

DISTRICT STATISTICS:

Total Parcels Levied — This is the total number of parcels within the District that will be assessed for the current fiscal year. Non-assessable lots or parcels may include government owned land, public utility owned property, land principally encumbered by public right-of-ways or easements, common areas, and/or parcels within the boundaries of the District or Zone that currently do not benefit from the improvements due possibly to development restrictions.

B. District Budget

BUDGET ITEM	AMOUNT
DIRECT COSTS	
Maintenance	
In-House Inspection	\$16,500.00
Contracted Landscape Maintenance Contract	94,000.00
Contingencies (Supplies & Materials)	2,997.16

Rate per acre	\$353.66/acre

Note: Parcel Assessment Rates do not include the additional \$10.00 per parcel for the City's Collection Fee.

APPENDIX A — DISTRICT BOUNDARY MAPS

The Boundary Maps for the District have previously been submitted to the City Clerk in the format required under the Act and are, by reference, made part of this Report. The Boundary Maps are available for inspection at the Office of the City Clerk during normal business hours. Attached is a reduced copy.

APPENDIX B — Detention Basin Location Plat (McKinnon Park Site)

Real Property situated in the City of Salinas, Monterey County, California, described as follows:

Parcel "J" (4.57 ac.) as said parcel is shown and described in the parcel map recorded December 20, 1991, in Volume 18 of Parcel Maps at page 145, Official Records of Monterey County, California (APN 211-231-45).

APPENDIX C — Detention Basin Location Plat (El Dorado Park Extension)

Attached is a detailed description of the El Dorado Park Extension as described by H.D. Peters Co., Inc. and Associates.

All that certain real property situate in the Rancho El Sausal, City of Salinas, County of Monterey, State of California described as follows:

That portion of that certain 11.565 acre parcel of land as shown and so designated upon map filed for record in Volume 18 of "Parcel Maps" at Page 69, Records of Monterey County, California described as follows:

Beginning in the southerly line of Harden Parkway (a public street 104 feet wide at this point) at the most easterly corner of said 11.565 acre parcel of land; thence leave said line of street and run along the boundaries of said 11.565 acre parcel of land with the following ten (10) courses

- (1) North 79° 48' 07" West, 70.18 feet; thence
- (2) South 14° 15' 53" West, 787.86 feet to the centerline of Calaveras Drive (a public street 60 feet wide); thence along the northwesterly prolongation of said centerline
- (3) North 73° 03' 00" West, 132.52 feet; thence leave said line
- (4) North 16° 57' 00" East, 44.93 feet; thence
- (5) North 9° 45' 06" West, 75.55 feet; thence
- (6) North 71° 12' 39" West, 99.54 feet; thence
- (7) North 16° 55' 13" East, 24.74 feet; thence
- (8) North 5° 37' 46" East, 66.92 feet; thence
- (9) North 4° 14' 24" East, 174.11 feet; thence
- (10) North 31° 32' 51" West, 123.53 feet; thence leave said boundary and run across said 11.565 acre parcel of land with the following five (5) courses

- (12) North 68° 15' 37" East, 64.03 feet; thence
 - (13) North 16° 55' 13" East, 30.00 feet; thence
 - (14) North 34° 25' 12" West, 64.03 feet; thence
 - (15) North 16° 55' 13" East, 176.84 feet to the northerly boundary of said 11.565 acre parcel of land and the southerly line of said Harden Parkway; thence along said common line
 - (16) Easterly along the arc of a non-tangent circular curve, the center of circle of which bears South 23° 52' 23" West, 1948.00 feet distant, through a central angle of 4° 25' 35", for an arc distance of 150.50 feet; thence
 - (17) Easterly along the arc of a tangent reverse circular curve, the center of circle of which bears North 28° 17' 58" East, 2052.00 feet distant through a central angle of 8° 17' 31", for an arc distance of 296.97 feet to the point of beginning.
- Containing 5.828 acres of land, more or less.

APPENDIX D — 2017/2018 COLLECTION ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Monterey County Assessor's map for the year in which this Report is prepared.

Non-assessable lots or parcels include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas (such as in condominium complexes); landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed; and park properties and other publicly owned, government-owned, public utility-owned properties that have little or no improvement value. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.
