My name is Jaimee Hunter and I am writing this appeal to you in regards to my recent termination from Banker's Casino due to my permit being denied on the grounds of my being untruthful. I would like to say that I was not in any way trying to misrepresent myself. I honestly was not aware of the charges that were on my record. I had checked my record online myself before applying and nothing like that appeared and I had no knowledge of it prior to applying. I after being denied went to courthouse and searched on their database and discovered the charges that are on my record that I didn't list on application. . I would please like to have the opportunity to explain myself and given another chance to explain the circumstances, and again it was never my intention to withhold any information from you.

Thank you
Jaimee Hunter
