## FUTURE AGENDA ITEMS

### COMMITTEE MEMBER COMMENTS / REPORTS

*Committee Member DeLaRosa*

*From the last meeting until now ordinances are passed by City Council that there is still confusion about. Ordinance about semi-trailers, getting different answers from different officers. People like to park on corners which creates a hazard. People complain about it and nothing gets done. Since January 1st, I have been reporting a catering truck near a fire hydrant and nothing is getting done about it. There was an incident with a guy on a bike. Why so many officers for 1 guy on a bike? I want answers.*

*Committee Chair Lynch*

*Met with Red Light Camera representatives to try and create some kind of PSA for new Red-Light Cameras. Went to the Chief's Speech about the State of the PD, it was a wonderful event. Went on a ride along with Officer Sutton, he is a great officer. Offered congratulations on report of homicides being down.*
