New public comment – not exactly sure which CUP or how this comment was received. There are 3 CUP's on the PC agenda for January 6.

I strongly oppose the conditional use permit being discussed at this meeting. This is on the corner of where I live. This is a residential area. I strongly object.

Hello Elani and Marisol,

Housing received the following message. I believe this may be regarding a planning commission meeting coming up on January 6? Housing doesn't have any meetings and I am not sure what this resident is referring to.

Marisol, if this is for your department, please route accordingly and respond to the resident if necessary?

If it is not for Marisol's division, please advise on where to route this comment.

Thank you,
Melissa

Comment or Question

Please take notice of the meeting scheduled for January 06, 2021 @ 3:30 p.m. I strongly object. This Conditional Use Permit is on the corner where I live. As you know some of us have a restricted deed on our home. I ask that the restriction be lifted. This area is a residential area. There is so much farmworker housing going up around the city, why come into our neighborhood. Deeply concerned.
