	Q12 - What Projects or Programs would you like to see funded?
1	City buildings, investment in employees and full time permanent staff versus contracting out services
2	• Fully Funded Police Department • City Infrastructure (Streets, Sidewalks, Parks) • Code Enforcement (Additional Officers) • Youth Sports (Soccer, Baseball, Football, Golf, Tennis, Swim, Wrestling, Boxing, etc)
3	1. City needs to work with County, State, and Federal agencies to address the global pandemic (education, vaccinations, masking); public health is No. 1 issue 2. Economic recovery. City needs to work with County, State, Federal, and non-profit agencies to bolster small businesses and refill vacant commercial sites in major shopping districts (Can we land just one "B" retailer or anchor?) 3. Housing. Let's be realistic: we need more affordable houising for lower-middle and lower socio-economic residents. And, we need to provide alternatives for homeless people. 4. CODE ENFORCEMENT. We need an educational program, block-by-block enforcement of specific areas, and community-wide cleanup days.
4	1. Housing 2. Early Education 3. Recreational Activities
5	A better trained and better equipped police and fire service
6	A children's museum.
7	A committee to attract jobs
8	A pedestrian bridge over Constitution Blvd at the shopping center.
9	A program to get rid of the blight. Need to make it look like a nice community with nice roads (no potholes), nice sidewalks, trees. Needs to look clean, no graffiti or trash. No tents unless they are in a vacation campground.
10	A project that eliminates the numerous amount of vehicles parked along the streets. Far too many neighborhoods in this community are congested with parked vehicles. I would love to see a community that maintains the value of "single family homes" and limits the amount of cars on the street. This is not only an eye sore, but a dangerous element of the city that goes unaddressed. Children in these vehicle congested neighborhoods easily fall victim to injury as they play in and around abandoned and parked cars. I often see children dart out from between such vehicles and into oncoming traffic.
11	Accessible wifi city-wide Continued support for public libraries Clean up our streets- garbage and landscaping for public spaces Street repairs Police outreach to cultivate stronger community relations
12	Addiction and mental health programs. New home construction and easy ADU approvals for adding housing opportunities inside existing single family residential footprints. Youth programs
13	Adequate funding for law enforcement, focus on clean streets and neighborhoods; city needs to open schoolsnow. Less focus on equity and more focus on equalityas is so obvious in the way the questions have been posed.
14	Affordable housing
15	Affordable Housing Building Healthy Communities East Salinas Ciclovía Equitable Transportation First Time Homebuyer Program
16	Affordable housing & housing assistance
17	Affordable housing and open park projects.
18	Affordable housing development
19	Affordable housing for Salinas Residents.
20	Affordable housing for teachers, programs to help the youth thrive in East Salinas.
21	After a year of schools doing distance learning, my biggest priority would be doing everything we can to get our children caught up on their education and re-engaged in learning. Perhaps city-funded Summer camps with a focus in agriculture that is fun and hands on, and implements math, science and reading at appropriate levels for multiple age groups. It would give our children more opportunities for learning as well as getting them engaged and excited about our local industry.
22	After school program for k=8 grade students, and youth programs. Kids don't have much entertainment opportunities in this city. More sports and activities to k-12.

162	· · · · · · · · · · · · · · · · · · ·
163	I want to see a heavy investment and care for our Alisal community and people. I'm not aware of any specific projects or programs at this time.
	I would actually like to see a more fiscally conservative approach. It's not the cities job to be providing all these services while basic infrastructures such as roads and sidewalks are a disaster. Also homeless clean up should be a priority, there are dirty needles at several city parks, it's gross.
165	I would like greater funding in youth after-school programs (like arts and sports) and projects regarding housing for our homeless projects.
166	I would like more funding for Animal control, Police and fire dept
167	I would like to see a new skate park, more dogs parks, a roller skate rink, in-door basketball courts that accessible to all. Better recreation programs like city of Monterey or other centers.
168	I would like to see Chicano art and spanish classes.
169	take a lost/hurt animal somewhere when the shelters are closed. I would ALSO LOOOOVE if roads in the east side around alisal st. were fixed because they are very dangerous to drive over. Roads near kern st and Roosevelt st need work desperately. Also roads near the pilot gas station need to be fixed.
	I would like to see more funds go towards public safety. This community needs to put safety first. We've seen the results of the VSTF from the police department in slowing crime, decreasing homicide rates, and overall improvement in community safety.
	I would like to see more housing for the homeless through FEMA 100% funding until September 31, 2021, and beyond. I would also like to see the City build social assets with their City-funded projects that support people RATHER than fund higher salaries for the police department. I would also like to see the City employ only police officers that have graduated with 4-year degrees in HUMAN SERVICES!! NO MORE MONEY FOR COPS THAT ARE HARMFUL TO OUR COMMUNITY!!!! Look around, other cities have been successful at doing this why can't SALINAS?????
172	I would like to see more mental health programs, youth programs, housing programs, and prevention services funded.
173	I would like to see more options available for youth and more police officers so response times are not so slow or limited.
174	I would like to see more police enforcement programs and patrolling of our streets. We need to increase the amount of police officers and the funding for our police department in order to ensure that we have a safe community for our children and youth to grow up in. These police officers need our support and the community members of Salinas are requesting that they get granted additional funding in order to help them better serve our community. Thank you!
175	I would like to see more programs for the youth in terms of creative outlets/ programs. I would also like to see more mental health programs that educate the youth and provide help to those who are going through mental health issues. To finalize I would like to see our money be more focused on the community, more projects to unite the community and also make it fun for the youth.
176	I would like to see more youth programs, better infrastructure throughout the city.
177	I would like to see our libaries, community development, and public works budget significantly increased.

	Q12 - What Projects or Programs would you like to see funded?
178	I would like to see progress made on transferring some of the police's outrageous budget to addressing community issues like homelessness and drug use harm reduction. Salinas deserves investment in its people, not just police.
179	I would like to see projects for more different types of arts & sciences offered to youth, such as film making, photography, podcasting, engineering, robot building, etc. I would also like to see there be more equitable access to wifi all over town. Additionally, I would like to see a homeless shelter be built to house the over 1000 homeless people in Salinas.
180	I would like to see road, sidewalk, bike friendly, and infrastructure projects funded. I would love to see more trees planted please. If the city doesn't look nice nobody will want to preserve it. Please allocate money appropriately to all the areas of Salinas. We also need a better public transportation service please
181	I would like to see the bike park rebuilt so that kids can use it from beginners, like a pump track. They are fun and I bet we would have more families use it. Also the trails at creekside are not well maintained
182	I would like to see the leaders of Salinas invest in the community at large and restructure the budget to favor libraries, resources for our un-housed neighbors, and other public works that better our community & citizens instead of spending more money on policing and terrorizing our citizens who are most vulnerable
183	I would like to see the Salinas Regional Soccer Complex project funded.
184	I would like to see the soccer fields on constitution construction to fully complete. More incentive on dealing with homelessness un Salinas.
185	I would like to see youth programs, prevention services, mental health assistance, less police,
186	I would really like to see more funding for the youth and children of this city. I feel that after last year no one was standing up for the children. They all need to be back in school full time and playing sports. Our Salinas rec center needs better funding. The after school programs as well. Children are our future and the emotional and physical well being of the children is a serious crisis. I also want to know what kind of programs will be done for all the issues I mentioned with the homeless that literally are camped all over our city. It's actually up and down California at this point. This needs to be addressed.
187	I'd like to see as much money possible being actively accounted for in programs for the unhoused community
188	I'm not really sure what specific projects or programs are available options. I'd like more outdoor fitness options.
189	I'd like to not see another huge police building; how about we use some of that budget so that our public schools aren't so lacking in materials to the point where our teachers have to pay for them. Fund community centers for our youth. Use funds to strengthen mental health and social work agencies in our community instead of giving police new cars and
190	buildings every year! I'd like to see funding for community efforts towards crime prevention (social workers, community outreach) in regards to funding crime prevention. I value police DEFUNDMENT when I rated the "Safe Community" section on the last area of this survey. I am explaining my ratings because I believe the rhetoric used for rating those areas are misleading and use too much unnecessary wording.
101	I'd like to see less of the cities expenses go towards violence suppression and more towards violence prevention. This could mean funding Closter Park, Hebbron Rec Center, and other rec centers.
192	I'd like to see staffing at the Library expanded to meet the virtual and in-person needs of our community, and I'd like to see connectivity increased, with access to things like hotspots when internet access is affected by income, etc.
193	If anything we need more police. Homelessness and crime are out of control. Defund the police sounds good but doesn't work.
194	Iluminación, viviendas para todos
	Improve old recreation and community centers.
	Improvement in fire dept and more of them. Homeless on the streets.
	·

	Q12 - What Projects or Programs would you like to see funded?
197	Improvements to parks, bikelanes, sidewalks, streets, libraries, housing, transit,all areas I indicated as very important.
	In the previous page, I believe that #9 is very important. However, I believe that can only be accomplished by NOT having a more socialized society. Businesses must be allowed to thrive by not being overburdened by financially supporting all people and businesses that are NOT thriving. Of course we can all help one another out, and I believe our community does that, but we will NEVER be a town/city that people want to come to if we continue to try to make everything equal to everyone. ANY free or reduced cost housing should come with a STRONG return to work program. Remember if EVERY single person who is given a handout is asked to work in return for that handout, we will ALL be better off bc we will have a productive town that is highly functional and demands input from all citizens.
199	Increase the police force to protect our commo
200	Increased funding for the parks and recreation department. I have witnesses first hand the positive effects it has on our most vulnerable community members.
201	Increased Police and Fire funding. Improvements to public service ability to serve the community. Hire priority on public safety
202	Indoor Soccer Field.
203	Infrastructure & successful businesses that will grow our tax base
204	Infrastructure and crime prevention
205	Infrastructure, parks, police
206	Infrastructure. Our streets are terrible. Need wider roads to accommodate all the new structures.
207	Infrastructure. As a transplant to Salinas I'm horrified by the condition of the roads and how difficult it is to drive around the city, traffic wise, logistics. No thoroughfares and poor city planning/development. The city should have a beltway system or Express ways. It shouldn't take 30+ minutes to get from one edge of town to the other, not in a city the size of Salinas. Also the homeless population is a big problem. Like BIG. What is being done about it? Just policing and kicking them out only for then to turn back up the next day? There needs to be a better long term strategy.
208	Infrastructures, and youth programs
209	Internet connectivity for the entire town Public art installations, especially in Old Town CONDOMINIUM DEVELOPMENTS - the best way for many to get into the real estate market
210	Invest in our youth and the programs that provide them equitable access to services and after school programs.

221	Less police, more social workers.
222	Libraries Non profits Schools Districts Mental health
223	Libraries, recreational centers, parks, infrastructure, jobs, housing, education, basically anything except the police department

	Q12 - What Projects or Programs would you like to see funded?
224	Library services!
225	Library services, housing support, homelessness cleanup and services, street/sidewalk repair
226	Literacy programs at libraries, adult education opportunities at libraries, Libraries are an efficient way of delivering help and support to all members of the community.
227	local youth programs.
228	Long term budget to maintain roads and side walks. Fire station 7. Relocate fire station 2. More solar on city buildings. Dog parks. More police officers and fire fighters. Solution to homeless in collaboration with the county. More youth program and education programs to give people the opportunity to further their career opportunities.
229	Low income housing for special needs community
230	Maintain the roads and sidewalks and add a bike path in the city.
	Make east salinas better. Repaint buildings/fix them up. Fix roads. Don't know if Alisal Vibrancy Plan is still a thing but I still see East Salinas the same. Chavez park has a lot of homeless people living there which I feel a bit concern for kids safety since we see them intoxicated with some substance walking around the streets and park. If we move some of the funds from what the police get to helping east salinas out.
	Maybe make housing a priority for people that don't meet the 25k a year crap, since that's too low and unrealistic. plenty of low income housing I don't qualify for, but at the same time I don't make enough to live here because of that so good job can't wait to leave this rampant homeless city.

239	More affordable housing projects specifically for farm workers, low income families. More collaborative arts/ creative spaces for people of all ages that are free and open to the public. More water conservation and land protection projects. More services for the homeless community like Gathering for Women in Monterey.
240	More affordable housing. Fix roads/streets. Less traffic. Less cars parked on streets.
241	More educational opportunity for Youth.
242	More fields, courts, facilities for sports. More help/housing for homeless. More affordable housing in general
243	More free Enrichment Programs for the youth More affordable mental health clinics More affordable housing More Homeless shelters Community gardens
244	More funding for police and public safety and more programs to help "all" children no matter the income or race to get to college.
245	More funding for police department to include additional training/more officers etc. Cleaning up and maintaining streets/neighborhoods.
246	More housing
247	More law enforcement
248	More outreach to low income neighborhoods for services like parks, recreation, libraries, art, music, and creative projects to help foster community.
249	More Police
250	More police Youth programs
251	More police and the ability to enforce the law. City services and clean up.

	Q12 - What Projects or Programs would you like to see funded?
252	More police funding/officers
	More police officers hired
254	More police officers to combat violent crime and traffic enforcement.
	More police patrols . enforcement of code violations
256	More police to reduce response time, city land scape improved. Abandoned buildings repurposed.
257	More programs for our youth that connect them to our planet/environment.
258	More programs for the agriculture people
259	More projects focusing on resources for the Oaxacan Indigenous communities and migrant seasonal workers.
260	More projects involving the community or children.
261	More public safety.
262	More resources provided to increase housing - all types across the income levels of jobs offered in the city
263	More road work projects.

279	Parks, rec and libraries, and roads in the east side.
280	Pay job creations for young people ages 16 - 21. Creative placemaking with Arts
281	Please address street traffic and roadway maintenance. Rush hour traffic is terrible. Especially the "new" improvements to Alisal street. What was the reasoning behind removing a lane of traffic, it's terrible. The city continues growing, new housing developments. But roadways remain the same. We need to start building bigger streets. Maybe start by making boronda a four lanes. Thank you.

	community. Environmental improvement programs for homes/businesses Addressing and making citizens aware of water crisis in salinas Less police presence and more mental health based crisis support.
330	Programs for teens and homeless
000	
	Programs for youth /gang prevention that do not involve police officers. Programs for housing for our migrant and
331	undocumented communities. I would like to see Salinas be a city that pilots a universal basic income program for our
001	most vulnerable community members, has rent control, and makes affordable and safe housing available in already
	established neighborhoods (not just as an aside project) for our agricultural workers. I would like for our libraries to have better resources and be able to make partnerships with our family homeless shelters.
332	Programs for youth and a recreation center.
	programs foryouth and senior citizens
334	
	walkways/paths that have been taken over by homeless encampments. Our youth need a place to play and grow.
225	Programs that will help low income children succeed in their education, first time home buyers, programs that will set walls help out form weakers, reduce the amount of crime, not ourse whether it falls under this set gar.
335	actually help out farm workers, reduce the amount of crime, not sure whether it falls under this category but having clean communities & for their to not be so many cars parked out in the street.
336	Projects and programs for Youth
	Projects and programs that go towards increasing recreation centers and parks for our youth! Projects that promote
337	mental health wellness.
000	Projects and programs that support the Salinas community as a whole, especially those at a greater disadvantage (e.g.,
338	low-income, undocumented, immigrants, etc.). In addition, to programs that actually support youth of color not incarcerate them.
339	Proyectos para jóvenes como programas de involucramiento comunitario.

401	Services/housing for the homeless, the Parents As Teachers Program for all parents that want it, Affordable childcare for middle income families, Affordable housing for low-middle income families.
402	Shelter & support for homeless, music and arts, embrace disabled community, downtown music/art festivals, not just 1st Fridays, but local/area artists-tie in to jazz festival etc. "Think outside the hats"
403	Shelters, (Jobs for Food for present homeless), NO MORE TENTS! Cleaner City, Put jail/prisoners to work. Clean up our streets of potholes, sidewalks that you can actually walk on without tripping.
404	Sidewalk improvement; education of law enforcement to be better prepared for situations where lethal force should not be used.
405	Smart growth to increase the housing supply in the city, improve post secondary education programs in the city
406	Spaces where youth can connect and openly express their traumas without being penalized. More arts and crafts centers, affordable sports, and programs that offer rites of passages workshops that youth and parents can actively be involved. Public safety looks like children having safe places to hang around with out being labeled and harassed. Public safety is not strict and harsh security and lock up centers.
407	SPD funded and supported from the top down Enforcement and prohibition of illegal homeless camps that plague the city. These represent significant fire hazards to the residents of Salinas, they increase the occurrence of petty crimes, they severely pollute the green spaces intended for public use and they represent an overwhelming burden on public safety and other city service departments.

411	Speed bumps to reduce speed in our community. Specially around schools
412	Sports and activities for youth.
413	Sports and recreation for kids and young adults. Sidewalk improvement so people will get out and enjoy our neighborhoods. I have never seen so many people out and about exercising like I have in 2020 so let's keep the momentum going.
414	Sports complex
415	Sports complex

	040 MI (D : ( D )   ( L )
	Q12 - What Projects or Programs would you like to see funded?
416	Sports facilities across all areas of the city and that are managed independent of a single organization or school district.
417	Sports fields with lights
418	Street maintenance. Our streets are awful. So many pot holes. I'd also like to see a recreation center like monterey. This town has no reasonable recreation center. Also homeless help. There are so many out there.
419	Street projects and park maintenance.
420	Street renovation.
421	Street repair
422	Street repair, youth programs, education, drug/rehabilitation programs.
423	street repairs, sidewalks, getting people to slow down. Litter pick ups.
424	street,sidewalks,arterial avenues beautification,to include walls,fencing,weeds.safety on schools.
425	Street/roadway improvements
426	Streets and sidewalks repair.
427	Streets, removing drug addicts from areas where the community / children gather, libraries - parks. Clean up the encampments!!!!!
428	Student sports in every school (starting with elementary schools), libraries, mental health services
429	Support for the houseless; culturally relevant programming for elderly, adults and youth; public assistance for low income people
430	Technology and Art programs throughout Salinas.
431	The Alisal Vibrancy plan! The parks and recreation master plan!
432	The Arts, Education, Parks & Recreation
433	The constitution soccer complex
434	The first mayors house is where all the school kids go to understand their importance of coming to Salinas. Those folks volunteer to bring people there and keep the memory of the Salinas Vally alive through history lesson and walk through. But they need to be supported by the City just to keep the lights on. Last time I was there, my students learned so much. But, I can see that the homeless folks had broken windows on the house and were sleeping and tossing trash around the back area. The volunteers were cleaning up but they are elderly and need more help. CSUMB really likes this location to train student teachers. The first Mayors House is the front porch of Salinas, let's help keep this place clean, healthy and alive for all the kids and community to come.
435	, ,
436	The money we have poured into the homeless community has not been successful. It's actually created more problems and more division. We need to stop creating more problems and find some solutions.
437	The police
438	The Police Department Renovation and restoration of parks
439	The police department, and fire department, something to help the homeless get the proper medical and housing they need.
440	The police especially anti gang and drugs
441	THE PUBLIC LIBRARY! Totally neglected with new leadership. What a shame
442	The Salinas Police Department we need more officers
443	The Salinas police, firefighters, and all first responders, help for the homeless for shelter and medical needs.
444	The streets need to be repaired also more police funding to keep our city safe in all areas of our city.
445	The streets of Salinas first and foremost been over 35 years since any street had been really fixed I know I've been here my whole life

	Q12 - What Projects or Programs would you like to see funded?
446	the turn behind Bevmo needs to change, there are always crashes no matter how many times the city puts up cones. i would want my tax money to put up a traffic light for the turn
447	Theatre renovation downtown. Housing homeless. Beautification esp re garbage/litter
448	There seems to be a lack of financial support for general maintenance that has been deferred for years, that combined with increased costs and understaffed departments that appear to have more supervision than workers makes for a nightmare without even looking at additional projects or programs. Creative measures are made necessary to make anything advance beyond the point of simply talking about any new policy
449	This question is redundant
450	Those stated above.
451	Traer actividades para jóvenes ya que sabemos que la juventud es una generación que no se les habré oportunidades al aire libre que sin el medio económico no pueden gozar de esos privilegios que otros tienen
453	Upgrading of all parks. Diamonds, outdoor playground, basketball courts and fields
454	Use the 1.8 million of cannabis revenue for enrichment summer programs. Expand the school age children's experience with gardens, art, music and crafts. They won't need anti drug programs, they will be engaged in positive pursuits. Hire college students to coordinate the programs!
455	Vivienda,
456	Viviendas accesibles, lugares de recreación para jóvenes y adolescentes
457	We need police in our schools and take a stronger stand against crime
458	We need school officers back, my kids don't feel safe in school because of gang members bullying them and the school does nothing
	Weaving in sustainability and adaptation (renewable energy and green infrastructure) in street/park projects
460	What is available? Give us information to support these projects.
461	While all of the above are very important, now all can be funded or even operated by the City. Parks, museums, infrastructure, services are all critical.
462	Working with CalTrans to clean up the vagrants under the freeway. The debris is dangerous and the filth brings diseases to our community.
463	Your previous questions are the political campaign questions. Rah! Rah! Who could say no. The fun stuff. But how about the tough stuff? Leaders tackle the tough stuff and try to unify, not divide. You're prior questions are political statements, and by themselves are pretty useless. How about eliminating the homeless problems. There are cities that do not have homeless (Burbank). The WSJ says that there are only 500,000 homeless in the US. Salinas is beginning to look like S.F. A Balanced budget? What are your gives and takes on the budget. You usually seek a lot of budget relief by holding expenses for the Sheriff and deputies ransom. Are you genuinely for law and order and Safety? Then tell me why there are so many gun fights at night, generally east of Linwood. Roads are in serious disrepair in many areas. How about real unity? The only race is the human race. Stop throwing color into every conversation and instead live with genuine equity towards each other. Do we have term limits? Politicians should never be allowed to perpetuate their tenure beyond a couple of terms. Ask me for input on real problems next time.
464	Youth
465	Youth & young adults: youth enrichment programs, music, dance, athleticism, art Environmental friendly + cultural programs Economic Prosperity, Equity, and Diversity
466	Youth Activities Law enforcement
467	Youth education, health and the arts.
468	Youth employment services.
469	Youth facilities where our youth can go to play and feel safe.

	Q12 - What Projects or Programs would you like to see funded?
470	Youth group
471	Youth programs
472	youth programs
473	Youth programs
474	Youth programs
475	Youth programs and outside activities that help keep kids occupied and out of trouble. Traffic programs that envision a safer and quieter approach to city travel and commutes.
476	Youth programs and police programs
477	Youth Programs and Services You summer employment Recs centers Parks and rec department Libraries Public works
478	Youth programs to get them engaged in local politics. I would also like to see programs for transformative justice and policing alternatives that focus on community building. Affordable housing that caters to people who make less than 30k a year.
479	youth programs, cultural celebrations, improving roads and sidewalks
480	Youth programs, farm worker aid, mental health aid, community projects
481	Youth programs, healthy communities
482	Youth programs, police and first responders
483	Youth Programs, start with the kids first. Or we won't have a city to live in when we retire here.
484	Youth programs. Homeless housing projects. Cleanups. Support for grassroots organizations.
485	Youth programs. Sports, outdoor areas
486	Youth programs. Unsheltered programs.
487	Youth projects that aren't involved in the juvenile justice system, because that only creates a more hostile environment. I would like to affordable housing being built to counteract homelessness and poverty. I would like to see money distribution to the East Side to build up their commercial area and be another "down town".
488	Youth projects. Revitalize the entire city including the east sides did what is known as China town (nice theaters and youth centers). Beautify communities. Anything to make it safer.
489	Youth recreation and engagement; safe streets (infrastructure, striping); homeless support
490	Youth sports
491	Youth sports
492	Youth sports
493	Youth sports and events that challenge youth. We need a program that isn't a one-off. It must have a hook to keep the youth coming back for more. This would create an ongoing safe place for community and learning, without the social challenges our youth faces everyday.
494	Youth sports through PAL because their programs are free.
495	Youth support to be successful in their education. Street Lighting it is scary to be walking outside now the new lights don't light enough.
496	Youth, crime & prevention, activities, parks, streets, education. This does not mean fund the Police Department. The police department is not preventing crime from happening. They should invest in the youth and other programs. Poverty is the reason why there is crime. So much money has been invested on the police department already. Focus on other areas.
497	Youthsports
