CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Wiles,

Thank you for referring the project's Mitigated Negative Declaration to our office for review and opportunity for comment. Staff has reviewed the environmental document, specifically the *Agricultural Resources* and *Hazards and Hazardous Material* sections and agrees with its analysis and conclusions. The project should not pose a conflict with agricultural operations as the project site is not located near farming activities/operations.

Sincerely,

Nadia Garcia

(Working remotely)

Agricultural Resources and Policy Manager
