To Whom It May Be Concerned,

Hello, my name is Sang Cha. I'm the owner of Tony's Market on 2034 N. Main Street. I have been this business' owner for 15 years now. I am writing this letter to request for a 20-minute curbside parking sign along the side of the block that our store is located.

One of the ongoing problems at our location is that there are no reserved parking spots for our customers. While in the past it has been a difficult, but bearable problem, now the parking problem has been getting increasingly worse. The number of drivers and cars have increased greatly since we started our business 15 years ago.

We share parking spaces with the residents that live in the building behind our store, as well as the beauty shop on our block. Some of the residents that reside behind our building have 3-6 cars and park on the curb, which makes parking unavailable to our customers. This has been very hard for our business.

On top of that, the location of our store is on a very busy and dangerous street. We have witnessed many car accidents right outside our store. In addition, there are many cars that park at the same location outside our store for days in a row. Our business is next door to KFC, and we have gotten several complaints that the cars that are parked in our street limit the driver's view when exiting the KFC parking lot. If cars were only limited to parking there for 20 minutes, streets would be safer and there would be less reason for accidents as well.

The streets would also be cleaner when cars are not continuously parked there for a long time, which would allow for the sweeper truck to clean the street more thoroughly. When cars are parked there for a few days, somehow litter and trash builds up and the streets become dirtier. On Wednesday to Friday, it is trash days so we need to put the trash barrels outside; however, sometimes the cars that park there move the trash barrels so that they can park overnight. This can result in the trash trucks having a difficult time collecting trash or even not picking up the trash at all if the trash barrels are out of sight.

Thank you so much for your time and consideration. Our block needs parking signs to resolve parking problems, avoid any dangerous accidents, and keep the streets cleaner and safer. I hope I will be hearing back from you soon with great news.

Thank you again,

Sang Cha (owner of Tony's Market)

To whom it may concerned
P.S. From Tony's Mkt owner.

Hi, I want to explain more about this.

1. Our business has no spot at all. even our own car have to park on the street. very difficult to get product off. delivery cars cant reach as well.

We only need this spot but street parking cars has choice to park other side

2. Last summer we had very bad experience with the street parking cars. after arguement they even bring all of their family cars to park in front of our store. This is business harassing. This pandemic, we don't get any support besides our Rent went up 5% as well. our business our reduce up and down for safety issues. We want pay rent, tax, price for product in time That's why parking lot is essential.

people parking in front of us even if there is spot other side. we call police for help. very stressful experience. We want to have good relationship with people and neighbors. we here for living not fighting So please understand us. We want to keep our street clean and simple as well.

Thank You! Stay Safe.
