1. PROBLEM STATEMENT

Salinas has a serious traffic safety problem that disproportionately affects children. Nearly one third of Salinas residents are children (under the age of 18), and sadly they represent more than one third of crashes involving bicyclists and pedestrians. Over the past 10 years 337 children have been hit and injured while walking or biking and 3 children have been killed. This traffic safety issue is widespread, growing, and apparent in every school district across the City.

Salinas has a high rate of vehicle crashes annually, with a large number involving pedestrians and bicyclists. According to the 2018 OTS rankings (the most recently available), the city of Salinas was ranked just 3rd in the state amongst similar sized cities for the most pedestrian crashes for pedestrians under 15 years of age, with a total of 15 victims injured or killed. Our city ranked 10th for overall pedestrian crashes with a total of 86 victims killed/injured. Salinas ranked 7th worst in the state of similar sized cities for bicyclists under the age of 15 injured/killed with 7 victims.

In January-December 2018, there were 1228 crashes with nearly half of them, 594, involving injuries and ten of them with fatalities; 11 people were killed and 817 were injured. Pedestrians accounted for five (45%) of the fatalities.

The number of crashes jumped 42% from 2017 to 2018, from 862 crashes in 2017 to 1228 the following year. Salinas's population places it at the smaller end of the 58 cities in its OTS Rankings grouping. In 2016, it ranked 44th in crashes involving pedestrians and 49th in crashes involving pedestrians under 15. Salinas ranked 36th in crashes involving bicyclists and 26th in crashes involving bicyclists under 15.

In the three years of 2016-2018, 18 pedestrians were killed by vehicles and three of them were under 18. 237 pedestrians were injured, with 42 under 18. In February 2018, two elementary-aged siblings were hit by a pickup truck while crossing the street in a crosswalk during the morning commute window. Also, in 2016-2018, there was one adult bicyclist killed in a bike-vehicle crash. There were 115 bicyclists injured in crashes with vehicles, seven of them youth under 18. These data are presented in the attached Traffic Data Summary.

These data show Salinas has a serious traffic safety problem that greatly affects children and youth. Residents may not fully understand traffic laws as they pertain to bikes and pedestrians, and language and cultural differences exacerbate this problem. With a population of 157,596, Salinas is largely a Spanish-speaking community, 76% of residents are Latino, 14% are white, 6% Asian, 2% African American, 1% American Indian and 1% Other. Salinas is the largest city in the Monterey Bay region, the county seat and is the commercial and residential hub of the Salinas Valley. Salinas residents struggle to afford the high cost of housing, childcare, and transportation, with 13 Census Tracts in Salinas that have a median household income at or below the 80% statewide median income. This has resulted in neighborhoods that are overcrowded and households that have limited or no access to a vehicle. According to the California State Ed Data site, on average 77% of students in all four Salinas School Districts qualify for Free and Reduced Meals, (a sign of low-income status). Many Salinas school children will be the first in their family to receive a high school education and have no choice other than to walk or bike to and from school. Salinas has great potential to increase safe walking and biking, and children and youth need education and support to do so safely. Salinas has a year-round climate that is mild and ideal for active transportation. Most schools are situated in or near high density neighborhoods and within one to two miles of their students' homes.

The Salinas Police Department (SPD) works with the community, schools, and many organizations to promote safety issues around pedestrians and bicycles. Before Covid-mandated shutdowns, the SPD participated annually in Ciclovía Salinas to promote safety on our streets. Ciclovía, a Spanish term for "bike path," aims to provide a safe and inclusive place for families to come together to enjoy accessible recreation, including biking, walking, running, skating, and many other activities. Additionally, under normal circumstances, the SPD regularly promotes Safe Routes to School (SRTS), pedestrian safety, and bike safety through neighborhood watch groups, community block parties, National Night Out, and presentations

at our local schools. As the pandemic continues to curtail public events, we continue to find alternative methods to provide safety education.

In order to reduce the number of injuries and deaths of pedestrians and bicyclists, the Salinas Police Department intends to continue contracting with Ecology Action to bring pedestrian and bicycle safety education to the children and families of Salinas. The Walk Smart and Bike Smart programs are modeled on best national practices in terms of age of delivery, diversity of teaching methods, course content, and use of bilingual/bicultural staff. Students are taught the rules of the road as well as benefits to walking and biking.

3. METHOD OF PROCEDURE

A. Phase 1 – Program Preparation (1st Quarter of Grant Year)

- Develop operational plans to implement the “best practice” strategies outlined in the objectives section.
- Conduct all training needed to implement the program.
- Purchase all grant related supplies and materials needed to implement the program.

Media Requirements

- Issue a press release approved by the OTS PIO announcing the kick-off of the grant by November 15, but no sooner than October 1. The kick-off release must be approved by the OTS PIO and only distributed after the grant is fully signed and executed. If you are unable to meet the November 15 deadline to issue a kick-off press release, communicate reasons to your OTS coordinator and OTS PIO.

B. Phase 2 – Program Operations (Throughout Grant Year)

Media Requirements

The following requirements are for all grant-related activities

- Send all media advisories, alerts, videos, graphics, artwork, posters, radio/PSA/video scripts, storyboards, digital and/or print educational materials for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS coordinator. Optimum lead time would be 7 days before the scheduled release but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- The OTS PIO is responsible for the approval of the design and content of materials. The agency understands OTS PIO approval is not authorizing approval of budget expenditure or cost. Any cost approvals must come from the Coordinator.
- Pre-approval is not required when using any OTS-supplied template for media advisories, press releases, social media graphics, videos or posts, or any other OTS-supplied educational material. However, copy the OTS PIO at pio@ots.ca.gov and your OTS coordinator when any material is distributed to the media and public, such as a press release, educational material, or link to social media post. The OTS-supplied kick-off press release templates and any kickoff press releases are an exception to this policy and require prior approval before distribution to the media and public.
- If an OTS-supplied template, educational material, social media graphic, post or video is substantially changed, the changes shall be sent to the OTS PIO at pio@ots.ca.gov for approval and copy to your OTS Coordinator. Optimum lead time would be 7 days prior to the scheduled release date, but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- Press releases, social media posts and alerts on platforms such as NextDoor and Nixle reporting immediate and time-sensitive grant activities (e.g. enforcement operations, day of event highlights or announcements, event invites) are exempt from the OTS PIO approval process. The OTS PIO and your Coordinator should still be notified when the grant-related activity is happening (e.g. car seat checks, bicycle rodeos, community presentations, DUI checkpoints, etc.).
- Enforcement activities such as warrant and probation sweeps, court stings, etc. that are embargoed or could impact operations by publicizing in advance are exempt from the PIO approval process. However, announcements and results of activities should still be copied to the OTS PIO at pio@ots.ca.gov and your Coordinator with embargoed date and time or with “INTERNAL ONLY: DO NOT RELEASE” message in subject line of email.
- Any earned or paid media campaigns for TV, radio, digital or social media that are part of a specific grant objective, using OTS grant funds, or designed and developed using contractual services by a subgrantee, requires prior approval. Please send to the OTS PIO at pio@ots.ca.gov for approval and copy your grant coordinator at least 3 business days prior to the scheduled release date.
- Social media posts highlighting state or national traffic safety campaigns (Distracted Driving Month, Motorcycle Safety Awareness Month, etc.), enforcement operations (DUI checkpoints, etc.), or any other grant-related activity such as Bicycle rodeos, presentations, or events, are highly encouraged but do not require prior approval.

- Submit a draft or rough-cut of all digital, printed, recorded or video material (brochures, posters, scripts, artwork, trailer graphics, digital graphics, social posts connected to an earned or paid media campaign grant objective) to the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator for approval prior to the production or duplication.
- Use the following standard language in all press, media, and printed materials, space permitting: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Space permitting, include the OTS logo on all grant-funded print materials, graphics and paid or earned social media campaign grant objective; consult your OTS Coordinator for specifics, format-appropriate logos, or if space does not permit the use of the OTS logo.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator at least 21 days in advance, or when first confirmed, a short description of any significant grant-related traffic safety event or program, particularly events that are highly publicized beforehand with anticipated media coverage so OTS has sufficient notice to arrange for attendance and/or participation in the event. If unable to attend, email the OTS PIO and coordinator brief highlights and/or results, including any media coverage (broadcast, digital, print) of event within 7 days following significant grant-related event or program. Media and program highlights are to be reflected in QPRs.
- Any press releases, work plans, scripts, storyboards, artwork, graphics, videos or any educational or informational materials that received PIO approval in a prior grant year needs to be resubmitted for approval in the current grant year.
- Contact the OTS PIO or your OTS Coordinator for consultation when changes from any of the above requirements might be warranted.

C. Phase 3 – Data Collection & Reporting (Throughout Grant Year)

1. Prepare and submit invoice claims (due January 30, April 30, July 30, and October 30)

4. METHOD OF EVALUATION

Using the data compiled during the grant, the Grant Director will complete the “Final Evaluation” section in the fourth/final Quarterly Performance Report (QPR). The Final Evaluation should provide a brief summary of the grant’s accomplishments, challenges and significant activities. This narrative should also include whether goals and objectives were met, exceeded, or an explanation of why objectives were not completed.

5. ADMINISTRATIVE SUPPORT

This program has full administrative support, and every effort will be made to continue the grant activities after grant conclusion.
